

## A BEAUTIFUL NEW LAKE AT ROCK SPRINGS PARK

With Other Features to Be Added the Improvement Will Cost Fully \$50,000.

### UNDERTAKING WAS STARTED THIS MORNING

With the opening of the picnic season next spring, the amusement loving people of East Liverpool and the surrounding country will be given something entirely out of the ordinary, the consummation of which will represent an expenditure of fully \$50,000. In addition to the many amusement features already installed at Rock Springs, it is proposed to locate an artificial lake on the grounds, which, for extraordinary attractions and the magnitude of the undertaking, has no equal in the United States.

A stock company has been formed in East Liverpool within the past few days, having for its object the purchase and control of all the amusements which have made Rock Springs one of the most popular resorts in this part of the country. The company will be capitalized at \$60,000, and includes among its membership influential and moneyed men of Pittsburgh and East Liverpool. A charter has been applied for and is expected to arrive within a few days. The project has been in contemplation for some time, and through the energy and indefatigable work of several East Liverpool business men, has at last been realized.

**PROPOSES TO CONTROL ALL PARK FEATURES.**  
It is the intention of the new company to purchase the features now on the grounds, or that portion of them now on the market. As the contracts existing between the owners of others and the park management expire, these will also be bought. When the plans of the promoters have been carried out the company will control every apparatus and building located within the enclosure in addition to a number of new features to be added at once. While the present owners of the park will be interested financially in the new enterprise, it will have nothing to do with the control thereof. The Rock Springs Amusement company will be in every way an independent concern.

One of the main features of the

park, and one which will be completed and in operation early in the spring, is the artificial lake. The undertaking is a big one, and has been in contemplation for a long time. The interested parties have worked out all of the intricate points, and now have a set of plans upon which to work. The contract for excavating has been let, and a large force of workmen were on the ground this morning. There will be no let up to the progress of the work as long as the weather will permit, and it is hoped the early spring will see the task completed.

#### LOCATION OF LAKE AND THE ISLAND.

The north wall or abutment of the lake will be located at a point in the park grounds about 100 feet south of the summer theatre, and will be in the form of a dam. The materials used in the construction of this wall will be broken stone and concrete. The force of men put to work this morning are engaged in excavating for the location of this dam. No depth has been fixed for the beginning of the foundation, as it is proposed to remove the gravel until a solid stone foundation has been found.

The lake itself will cover an area of three and one-half acres. The front or north side of the body of water will be square, and it will extend south 450 feet, the upper or south end of the lake being oblong in shape. The width of the lake will be 250 feet. In the center of the large enclosure it is proposed to locate an island, occupying a space of 170 feet wide. The island will be left when the work of excavating is completed, and every particle of grass, shrubbery and even the trees now growing there will be allowed to remain. It is the intention to make this island a perfect bower of beauty by the cultivation of the natural growths already there, and by the addition of other features of the same sort. Some time in the no distant future a dancing pavilion will be

### TWO RINGS WILL MEAN A CALL FOR AID

Public Safety Board Decides Upon a Riot Call to Be Used By the Police.

Contrary to their own announcement, the members of the board of public safety held a meeting last evening. They had called the meeting off, but having a hankering for getting together to wrestle with municipal affairs, all of them assembled at the city hall and finally decided to go into regular session.

The only thing of importance resulting from the meeting was the acceptance of a plan whereby the police of the city will be protected in times of danger to their personal welfare. A member proposed that arrangements be made with the officers at central fire station to allow a certain signal given from the patrol boxes to mean that every fireman at the station would answer it on the jump. When an officer is in peril and has no assistance at hand he can rush to a patrol box and ring twice. This will be the signal known as the riot call and must be answered as quickly as possible.

The decision to inaugurate the plan was arrived at after much discussion over the narrow escape of Officer M. Dermott the other evening when the gallant policeman was vociferously attacked by a gang of toughs on Smoky row. In connection with this question the board concluded to issue an order to the effect that every officer making an arrest will be compelled to appear on the following morning to state the exact features of the case. This is to be done to insure the culprits of their just penalty.

There was little other business transacted, a few reports only being submitted.

### DUFFY TO PRESIDE AT THE CEREMONIES

Youngstown Knights of Columbus Will Celebrate Their Sixth Anniversary.

T. J. Duffy, district deputy of the Knights of Columbus, accompanied by several members of the local order, will leave tomorrow for Youngstown to be present at the celebration of the sixth anniversary of the lodge of that city. The Youngstown division No. 271 was the first organized in this state.

Mr. Duffy will preside during the ceremonies attending the administration of the third degree to a large class of candidates. Youngstown is not within the district over which he presides and he has been highly honored in being asked to conduct the ceremonies. After the initiation an elaborate banquet will take place.

As a part of the program, Col. Henry Watterson, editor of the Louisville Courier-Journal, will deliver his famous lecture, "Fraternity."

### DARING ROBBERY AT MINEHART'S

Thieves Break Into the Store and Carry Off a Quantity of Clothing.

#### NO CLUE HAS BEEN FOUND

Daring robbers broke into the store of A. G. Minehart, Fifth street, before midnight Wednesday and looted the big clothing establishment of goods consisting of full dress suits, overcoats and other gent's furnishings. The police were notified yesterday morning and have worked vigorously on the case, but have been unsuccessful in getting even a clue to the thieves.

Discovery of the work of the thieves was made yesterday morning by Mr. Minehart shortly after he entered his store. He saw that the window of the door at the rear had been smashed and that goods in numerous sections of the store had been disturbed. A careful investigation was made by the proprietor in hope of obtaining some sort of a clue, but to no avail and he was likewise defeated in his attempt to ascertain just how much had been stolen from him. He, however, estimates the loss to be considerable.

It is supposed that the burglars gained entrance to the store between 10 and 12 o'clock. Officer Morris and Chief Wyman heard a loud noise soon after 10 o'clock in that vicinity, but thought nothing of it and it is thought the report was made by the thieves breaking the glass. A brief was used in smashing the pane and from all appearances it was hatched with terrific force without regard for damage or noise. There are indications that the men tried for awhile to cut the glass.

After getting inside, the bold men, who were evidently professionals, touched nothing but the best goods to be found in the store. They selected the highest grade of everything and decamped by the same route whence they came. It is thought they had a buggy or wagon near the rear and hauled their booty out of the city. At the time of the robbery there were scores of people in the vicinity adding daring to the exploit of the men.

Local officers will continue on the case until the last straw of hope is exhausted and will notify officers in all surrounding towns and cities.

### CONKLE SHOT WHILE HUNTING

His Cousin Was Shooting at a Rabbit and the Man Got In the Way.

Jacob Conkle, a resident of lower Chester, was shot in the back yesterday while out hunting. The load took effect in Conkle's back, the shot scattering from his hips to the top of his head.

Mr. Conkle and a cousin named Benjamin Dawson went hunting early in the morning and when several miles from town Dawson spied a rabbit. He failed to see his cousin advance and blazed away. He missed the rabbit and Conkle received the contents of

### SWINDLER WANTED IN STEUBENVILLE

Fellow Who Cleverly Bunkoed a Hotel Keeper Is Being Eagerly Sought.

#### AN EAST LIVERPOOL MAN

On Whom Suspicion Rests Has Been Looked For in Vain By Steubenville Officers in This City—His Trick Neatly Done.

Local officers and officers of Steubenville are searching earnestly for a well known young man of this city upon whom suspicion rests of swindling the proprietor of the Imperial hotel at Steubenville out of \$175 through a cleverly manipulated scheme. The young man is now a fugitive from justice and it is thought is cognizant of the fact that his identity is known and will not make his appearance in the city until his case is settled satisfactorily to his victim.

The swindling game was worked in Steubenville about two weeks ago and caused considerable excitement in that city. The young man dresses to the height of fashion, has a winning personality and when he made the proposition to Proprietor Lowe, of the hotel, he soon convinced him that he was not attempting a bunko job. To the landlord he said he had a streak of hard luck at the gaming table and was in reality "on his uppers." He wanted to borrow some money on two genuine diamonds worth close to \$300. He told the landlord he would give them as security for \$175.

The landlord examined the stones carefully and concluded he would help the dejected man out of his embarrassment and went after the money. While he was gone the smooth character switched the genuine diamonds and put in their place two stones very similar in appearance, but worth only about \$2 each.

Upon the return of the landlord with the money the latter did not detect the difference and readily handed over the money. Just at that time a sensational feature occurred.

A man, a friend of the landlord, who was on to the scheme of the swindler, rushed in the hotel and told the landlord that he was being victimized. The bunkoer having the money safe in his hands started on a run out of the hotel with the newcomer in hot pursuit.

After a warm chase the pursuer overtook the local man and threw him to the ground. He was not successful in holding him, however, the swindler possessing great strength and in about a moment the pursuer was laid out almost unconscious. The victimizer then ran away and was not heard of until late yesterday when the Steubenville authorities located him in this vicinity.

Chief of Police Kelly, of Steubenville, accompanied by Mr. Lowe, arrived in the city yesterday and apprised the local officers of the doings of the local man, and throughout the day a search was made for him in the vicinity. He could not be located definitely, but it was learned that he had been seen on the streets early in the morning.

#### Piping Gas to Empire.

The gas from the Freudenberg well on the Fitzpatrick farm, Sugar Grove district, is being piped from the well to the mains of the Tri-State Gas company at Empire. Phil Swearingen and Charles Pugh are hauling the pipe from an old line at Costonia for laying the same.

### MILTON TYNDALL HORRIBLY BURNED

Young Man Employed By Telephone Company Upsets Melted Lead Upon Himself.

Milton Tyndall, of this city, a cable splicer in the employ of the Central District and Printing Telegraph company, was painfully and perhaps fatally burned at Sharon, Pa., this morning by receiving the contents of a pot of molten babbitt metal on his legs and body.

Young Tyndall was sent to Sharon several months ago where the company is putting in a new cable system. He was working with the hot metal, which is used in wiping joints, when the pot was accidentally overturned. He was horribly burned about the hands, arms, body and legs. The vessel contained over three pounds of the molten lead and all of it spilled upon Tyndall's body. He was carried to the office of a physician, where the injuries were dressed, and if he is able to travel will be brought home on the evening train.

### BIG CONVENTION OF EDUCATORS

Eastern Ohio Teachers Open Their Annual Meeting In This City.

#### DR. GUNSAULUS TONIGHT

The Eastern Ohio Teachers' association is now in session in this city. With a large attendance of teachers and friends of education at the First M. E. church the delegates were welcomed to the city at 2 p. m. today. The program for the afternoon and evening follows:

Devotional exercises.  
Addresses of welcome—In behalf of the churches, Dr. M. B. Pratt; in behalf of the board of education, W. E. Wells; in behalf of the city schools, Supt. R. E. Rayman.

Response to Welcome Addresses—Supt. J. L. McDonald, Wellsville.  
Inaugural Address—Supt. J. V. McMillan, Marietta.

The Faculty of Doing Things—Supt. E. E. Smock, Dresden.

The Function of the High School—Dr. Charles Haupt, Wooster. Discussion—Supt. J. H. Snyder, Martin's Ferry; Principal H. B. Work, Wheeling.

The Ohio Teachers' Federation—What It Is And What It Proposes to Do—Supt. S. K. Mardis, Toronto. Discussion—Supt. C. L. Cronebaugh, Cambridge.

At 7:30 o'clock Dr. Frank Gunsaulus, of Chicago, one of the foremost speakers of the day, will deliver an address in the church on "The Next Step in Education."

Arrangements have been fully completed for a reception which will be given this evening from 9:30 to 11:30 to the visiting teachers of the Eastern Ohio Teachers' association by the local teachers at Carnegie hall. The spacious rooms of the library have been beautifully decorated with the choicest flowers of the season. During the evening the guests will be entertained by the rare music of Gerret's orchestra of Pittsburgh. The reception will be one of the most delightful functions of the Thanksgiving season.

The majority of the out-of-town visitors to the convention were expected in on the 4:06 train. They will be met by a committee of reception appointed by the chairman, Miss Flo Undergraff, and escorted to the places where they are to be entertained. This committee consists of the following members of the high school: Bert Mountford, Benjamin Bennett, Mr. Manley, Louis Steinfeld, Joseph Geon and Will Smith.

The lecture of Dr. Gunsaulus tonight will be an intellectual treat and the public generally is invited to hear it.

#### Joint Meeting Tonight.

A joint meeting of the board of public service and the city council will be held this evening for the purpose of taking action on the financial condition of the city. A decision of Solicitor Davidson will be received as to the authority of council in appropriating money to the water works department say many other things of interest will be discussed by the two bodies.

## THE MAYOR'S DECISION REVERSED BY THE JUDGE

Fine of Cornelius Smith, Charged With Keeping Saloon Open on Sunday, Does Not Stand.

### RULING OF THE COURT GIVEN IN OTHER CASES

Lisbon, November 27.—(Special).—The lower court was reversed by Judge Hole in the case of Cornelius Smith against the state of Ohio, which came up on error from the court of Mayor W. A. Weaver in East Liverpool, where the plaintiff in error was fined for keeping his saloon open on Sunday. Smith was taken before the mayor on a charge of having had his saloon on Eighth street in that city open on Sunday, June 28, last, and the mayor undertook final jurisdiction under the Beal law, the offense not being punishable by imprisonment. The court was asked to reverse the lower court on the question raised as to the evidence.

The second floor of the building in which the saloon is located was occupied by two families, Smith living immediately over his saloon. Smith had been suspected of selling on Sunday, officers on the watch saw several men go into his residence on the second floor they surrounded the place. Both front doors on the second floor open on a porch extending the full width of the same, and the men who had entered Smith's residence were seen crossing the porch in an effort to escape to the adjoining apartment.

An officer quickly descended a stairway leading from Smith's living room to the bar room below. The door opening into the bar room at the foot of the stairs was found to be unlocked and Mrs. Smith was in the bar room when the officer entered. It was contended that she was not there to sell liquor, but had simply gone down to the closet, which is on the first floor. The testimony was held to have been insufficient to establish the state's claim that liquor had also been sold in Smith's living apartments.

Judge Hole said the case raised a serious question as to whether saloon keepers have the right to have their premises so adjusted as to make it necessary to go into their bar rooms on Sunday. He said the testimony tended strongly to show that the men

at Smith's place on the Sunday in question were there for criminal purposes, although they testified that they were only visitors in the living apartments. Judge Hole said he was not surprised at the judgment of the magistrate below, but that there was no testimony to bar out the suspicions which the circumstances would naturally arouse. In the error proceedings the point was also raised that the mayor had no jurisdiction, but the judge deferred passing on this feature.

The petition was dismissed at the plaintiff's cost in the case of George Lower, of Columbiana, versus C. P. Rothwell, of East Palestine, which was tried before the court last week. The plaintiff charged that in September, 1901, he employed one John G. Schlotter to buy for him 2,000 barrels of apples in Virginia and West Virginia, but later as the result of a deal with the defendant Rothwell, he agreed to have Mr. Schlotter's purchases turned over to Rothwell at 40 cents a barrel for No. 1 and 30 cents for No. 2 apples. The plaintiff sued for \$163, alleged to be yet due him on the deal.

In the case of Margaret Orr versus Jeannette Miller, which was tried before the court last term, judgment was entered for the defendant. Judge Hole said he had carefully gone over the voluminous testimony, but that as time was pressing he could not go into details in the decision. Suit was brought in this case to dispossess the defendant of a tract in Wellsville which she had occupied for years and improved considerably. The court held that while the defendant had not showed paper title, the length of time she had occupied the premises and the improvements she had made on them entitled her to adverse possession. Surveys of the plat introduced at the hearing conflicted seriously, as did much of the other evidence.

A motion to quash the appeal in the case of John W. Rutledge versus J. S. Continued on Fourth Page.

### THE Y. M. C. A. SOCIAL

Pleasant Entertainment Will Be Given—Many Met Secretary Pollard and Wife.

There was a large attendance of young people at the Thanksgiving social, given under the auspices of the Ladies' auxiliary, at the Y. M. C. A. hall last evening. Music and refreshments were provided and the guests present were given an opportunity of forming the acquaintance of General Secretary H. H. Pollard and his wife. Mrs. W. W. Hamilton, president of the auxiliary, presided, and the following reception committee looked after the entertainment of the guests: Mrs. J. S. Wilson, Mrs. Daniel M. Oglvie, Mrs. R. W. Haynes, Mrs. Harvey McHenry, Mrs. Robert Hall and Mrs. E. W. Bartlett.

The musical program consisted of piano solos by Miss Maud Croxall and Mrs. T. H. Tompkinson and a vocal solo by Mrs. John H. Peake. The evening was much enjoyed by all present. Near its close Secretary Pollard stated the desire of the association to increase its membership, and stated that as a special inducement all who pay \$5 now will be given membership for a year beginning January 1. The ladies' auxiliary will hold entertainments once each month, for the purpose of increasing interest in the association. The next social, two weeks hence, will be a progressive peanut party.

#### Narrow Escape.

Miss Maude Burgess, the youngest daughter of Sanitary Policeman Burgess, had a narrow escape from serious if not fatal injury yesterday morning. She was standing near a fire burning at the rear of her home, Third street, when a cartridge, concealed among the flaming debris, exploded, sending the bullet toward the young lady, but fortunately missing her.

### A SERIOUS COLLISION

FOR TWO YOUNG MEN

One Lost Three Teeth And the Other Had His Head Badly Cut.

Bailey Gipner and Blaine Cockrane, two well known young men of this city, received severe injuries at the Pittsburgh union station last night while waiting for a train.

A large party from this city attended the foot ball game at Pittsburgh. The crowd was in a jocular mood, and while pushing each other about, Gipner's head came in contact with young Cockrane's mouth. The blow was a terrific one and both young men were stunned for a time. Three of Cockrane's front teeth were missing and his lips were terribly cut and immediately began to swell. Gipner's head was also badly cut.

### COLLAR BONE BROKEN AND OVERCOAT LOST

Wellsville Foot Ball Player Meets With Hard Luck at Lisbon.

Lisbon, November 27.—(Special).—Edgar Martin, a member of the Wellsville high school foot ball team here yesterday, had his collar bone broken during the game and as an additional misfortune lost his overcoat. He handed the overcoat to a bystander, who on leaving the field later gave it to Daniel Sullivan, a Lisbon youth who has been working in Cleveland.

Sullivan apparently did not make a diligent search for the owner and wore the coat uptown and later to Cleveland. Mayor Farrell sent an officer in search of Sullivan, but has not succeeded in locating the boy or the overcoat.

**His Old Offense**—Joe Woolley was arrested this afternoon by Officer Morris for being drunk.

## THE MAYOR'S DECISION REVERSED BY THE JUDGE

Fine of Cornelius Smith, Charged With Keeping Saloon Open on Sunday, Does Not Stand.

### RULING OF THE COURT GIVEN IN OTHER CASES

Lisbon, November 27.—(Special.)—The lower court was reversed by Judge Hole in the case of Cornelius Smith against the state of Ohio, which came up on error from the court of Mayor W. A. Weaver in East Liverpool, where the plaintiff in error was fined for keeping his saloon open on Sunday. Smith was taken before the mayor on a charge of having had his saloon on Eighth street in that city open on Sunday, June 28, last, and the mayor undertook final jurisdiction under the Beal law, the offense not being punishable by imprisonment. The court was asked to reverse the lower court on the question raised as to the evidence.

The second floor of the building in which the saloon is located was occupied by two families, Smith living immediately over his saloon. Smith had been suspected of selling on Sunday and when, on this particular Sunday, officers on the watch saw several men go into his residence on the second floor they surrounded the place. Both front doors on the second floor open on a porch extending the full width of the same, and the men who had entered Smith's residence were seen crossing the porch in an effort to escape to the adjoining apartment. An officer quickly descended a stairway leading from Smith's living room to the bar room below. The door opening into the bar room at the foot of the stairs was found to be unlocked and Mrs. Smith was in the bar room when the officer entered. It was contended that she was not there to sell liquor, but had simply gone down to the closet, which is on the first floor. The testimony was held to have been insufficient to establish the state's claim that liquor had also been sold in Smith's living apartments.

Judge Hole said the case raised a serious question as to whether saloon keepers have the right to have their premises so adjusted as to make it necessary to go into their bar rooms on Sunday. He said the testimony tended strongly to show that the men

at Smith's place on the Sunday in question were there for criminal purposes, although they testified that they were only visitors in the living apartments. Judge Hole said he was not surprised at the judgment of the magistrate below, but that there was no testimony to bar out the suspicions which the circumstances would naturally arouse. In the error proceedings the point was also raised that the mayor had no jurisdiction, but the judge deferred passing on this feature.

The petition was dismissed at the plaintiff's cost in the case of George Lower, of Columbiana, versus C. P. Rothwell, of East Palestine, which was tried before the court last week. The plaintiff charged that in September, 1901, he employed one John G. Schlotter to buy for him 2,000 barrels of apples in Virginia and West Virginia, but later as the result of a deal with the defendant Rothwell, he agreed to have Mr. Schlotter's purchases turned over to Rothwell at 40 cents a barrel for No. 1 and 30 cents for No. 2 apples. The plaintiff sued for \$163, alleged to be yet due him on the deal.

In the case of Margaret Orr versus Jeanette Miller, which was tried before the court last term, judgment was entered for the defendant. Judge Hole said he had carefully gone over the voluminous testimony, but that as time was pressing he could not go into details in the decision. Suit was brought in this case to dispossess the defendant of a tract in Wellsville which she had occupied for years and improved considerably. The court held that while the defendant had not showed paper title, the length of time she had occupied the premises and the improvements she had made on them entitled her to adverse possession. Surveys of the plat introduced at the hearing conflicted seriously, as did much of the other evidence.

A motion to quash the appeal in the case of John W. Rutledge versus J. S. Continued on Fourth Page.

### THE Y. M. C. A. SOCIAL

Pleasant Entertainment Will Be Attended—Many Met Secretary Pollard and Wife.

There was a large attendance of young people at the Thanksgiving social given under the auspices of the Ladies' auxiliary, at the Y. M. C. A. hall last evening. Music and refreshments were provided and the guests present were given an opportunity of forming the acquaintance of General Secretary H. H. Pollard and his wife, Mrs. W. W. Hamilton, president of the auxiliary, presided, and the following reception committee looked after the entertainment of the guests: Mrs. J. S. Wilson, Mrs. Daniel M. Ogilvie, Mrs. R. W. Haynes, Mrs. Harvey McHenry, Mrs. Robert Hall and Mrs. E. W. Bartlett.

The musical program consisted of piano solos by Miss Maud Croxall and Mrs. T. H. Tompkinson and a vocal solo by Mrs. John H. Peake. The evening was much enjoyed by all present. Near its close Secretary Pollard stated the desire of the association is to increase its membership, and stated that as a special inducement all who pay \$5 now will be given membership for a year beginning January 1. The ladies' auxiliary will hold entertainments once each month, for the purpose of increasing interest in the association. The next social, two weeks hence, will be a progressive peanut party.

### Narrow Escape.

Miss Maude Burgess, the youngest daughter of Sanitary Policeman Burgess, had a narrow escape from serious if not fatal injury yesterday morning. She was standing near a fire burning at the rear of her home, Third street, when a cartridge, concealed among the flaming debris, exploded, sending the bullet toward the young lady, but fortunately missing her.

### A SERIOUS COLLISION

FOR TWO YOUNG MEN

One Lost Three Teeth And the Other Had His Head Badly Cut. Bailey Gipner and Blaine Cochran, two well known young men of this city, received severe injuries at the Pittsburgh union station last night while waiting for a train.

A large party from this city attended the foot ball game at Pittsburgh. The crowd was in a jocular mood, and while pushing each other about Gipner's head came in contact with young Cochran's mouth. The blow was a terrific one and both young men were stunned for a time. Three of Cochran's front teeth were missing and his lips were terribly cut and immediately began to swell. Gipner's head was also badly cut.

### COLLAR BONE BROKEN AND OVERCOAT LOST

Wellsville Foot Ball Player Meets With Hard Luck at Lisbon.

Lisbon, November 27.—(Special.)—Edgar Martin, a member of the Wellsville high school foot ball team here yesterday, had his collar bone broken during the game and as an additional misfortune lost his overcoat. He handed the overcoat to a bystander, who on leaving one field later gave it to Daniel Sullivan, a Lisbon youth who has been working in Cleveland.

Sullivan apparently did not make a diligent search for the owner and wore the coat uptown and later to Cleveland. Mayor Farrell sent an officer in search of Sullivan, but has not succeeded in locating the boy or the overcoat.

His Old Offense—Joe Woolley was arrested this afternoon by Officer Morris for being drunk.

### SEWER PIPE NOTES.

The Shawmut, Pa., Clay Manufacturing company has started to make sewer pipe. It has the finest grades of fire clay and shale, and has finished one of the largest and up-to-date sewer pipe factories in the country.

The Toronto Fire Clay company has entirely cleaned up its yards of brick. Brick business is again rushing on the Ohio side of the river.

The deal pending between the American Sewer Pipe company and the Cleveland owners of the Marquet coal mines and lands at New Cumberland, is still on. In all probability if secured by the mammoth sewer pipe plant they will erect a mammoth sewer pipe plant in that section. They also badly need the coal for their many plants along Brick Yard bend.

The old Excelsior sewer pipe buildings at Elliottsville and the kilns adjoining have been completely razed and the yards are now used for stacking pipe from the big Calumet plant.

The West Virginia Fire Clay company, says Manager James Ballentyne, will run in part all winter. They are grinding clay and shipping coal to many works throughout the Panhandle district.

The American Sewer Pipe company will not do anything in the way of improvements to its numerous sewer pipe factories until the spring meeting, when these matters will come up for consideration, says Auditor James McClave.

### TROUBLE AT NILES.

The Bradshaw plant at Niles has been closed down owing to alleged discrimination discharge of employees. It will be remembered that this firm discharged a kilnhand, claiming in-

competency as their reason. The workmen then refused to work until a complete investigation was made. The result was that the plant was closed down for some time and President Duffy was summoned to the scene, but before his arrival the firm had reconsidered their charge of incompetency and in a conference with the workmen agreed to reinstate him. A similar case occurred on Monday morning when one of the biscuit warehouse girls was discharged. The balance of the crew along with those employed by the dippers then refused to work, resulting in closing down the plant. If both sides concerned remain as obstinate as regards the controversy as is now apparent, the workers involved will be under the necessity of calling on official help in arranging a settlement.

### NEW POTTERY AT CLARKSBURG.

The Tigh Grade Shale Brick company, of Clarksburg, W. Va., of which James Anderson, formerly of the East End sewer pipe works, East Liverpool, has had a good year's run. Mr. Anderson says that a new brewery and chemical works, both large new industries, are building, also that Clarksburg has a wonderful building boom. The foundation for the new Rayman blue ware pottery is about completed and it will be a 4-kiln plant, two regular kilns and two muffle kilns. Gamble & Surles, of East Liverpool, have the contract for the erection of these kilns and foundations. The Patterson Foundry & Machine shop has the contract for the machinery.

### STRIKE AT THE CHELSEA.

For some time there has been apparent trouble brewing between the management of the Chelsea plant at New Cumberland and the decalcomania workers employed by them. Matters on this line came to a head on Monday, when the girls, after submitting their proposition to the firm and not receiving any favorable decision, refused to work and as a result the decorating department has been closed down pending a settlement. The Chelsea plant as is known

makes a specialty of scheme goods, and it is necessary that they employ a number of girls, owing to the fact that all their decorating is done by the use of decalcomania.

### FOREMAN SELECTED.

W. S. George has secured the services of R. M. Ashbaugh as foreman in the new pottery plant, soon to be put in operation in this city, says the East Palestine Reveille Echo. Robert has had many years of experience in the pottery business and is a practical, all around potter. This is another example of Mr. George's good judgment in placing capable men in charge of his plants.

### NEW FIRE BRICK WORKS.

The Pittsburg Coal and Coke company's new fire brick yard at Freeport, Pa., will be a model and expensive one. The buildings and placing of machinery by the Stevenson Foundry company, of Wellsville, will be completed in two weeks. Four round kilns will also be erected. The plant will be put in operation as soon as completed.

### MARRIED AT ALLIANCE.

Earl Hardy, a kilndrawer at the Sebring pottery, and Mary, daughter of Mrs. Elizabeth Walters at Sebring, were married at Alliance Wednesday.

### ELECTED SUPERINTENDENT.

The East Ohio Sewer Pipe works at Irondale closed down until Monday. W. C. Hartford has been elected general manager of the plant.

### POTTERY NOTES.

Roy Barnhill, of Salineville, has taken a position in the warehouse of the Ohio China company, East Palestine.

William McBee, an East Palestine potter, well known here, has left the trade and will engage in other business.

The Youngstown & Southern Railroad company is using a great deal of sewer pipe in the construction of culverts along its line. Large quantities are being unloaded along the right of way.

### STEAMSHIP CEDRIC ARRIVES.

Has Uneventful Voyage—Many Noted Passengers Aboard.

New York, Nov. 27.—The big White Star line steamship Cedric, which a rumor originating in England said had been sunk in midocean, arrived at her pier. Her voyage was uneventful. The Cedric received a most enthusiastic welcome when she docked. The steamship, which is the largest in the world, left Liverpool on Nov. 18 and had a pleasant voyage of 7 days, 6 hours and 31 minutes' duration.

The earl and countess of Yarmouth were aboard. The countess was ill with influenza during the voyage and was under the care of the ship's surgeon. The Yarmouths will go to Pittsburg.

Among the other passengers were Frederick Roosevelt, a relative of President and Mrs. Roosevelt, and Brigadier General and Mrs. J. D. Russy, U. S. A. The Cedric brought 1,067 passengers, of whom 292 were in the first cabin.

### Headache Powders Cause Death.

New York, Nov. 27.—Mrs. Mary Cusick and Mrs. Julia Ward, who boarded with Mrs. Cusick, died here under circumstances indicating death from some poison the nature of which has not been determined. The women had complained of severe headaches during the day and each took a headache powder procured from a nearby drug store. Soon after they became violently ill, dying in three hours. It is thought that the powders may have affected their hearts.

### THANKSGIVING DAY SERVICES IN CHURCHES

An Appropriate Sermon By Rev. C. L. V. McKee at the Union Meeting.

Thanksgiving was graciously and fittingly observed yesterday. The union services at the Christian church were largely attended. Rev. C. L. V. McKee preached a fitting sermon. The exercises opened with an organ voluntary; anthem, "To Thee Our Hearts We Raise"; doxology; invocation, Rev. L. A. Lafferty; reading of president's proclamation, Rev. W. H. Glasgow; scripture reading, Rev. W. H. Vandersall; prayer, Rev. Dr. J. W. Toland. An offering was then taken for the poor and needy; anthem, "I Will Extoll Thee"; closing prayer, Rev. C. H. Beck; hymn; benediction, Rev. W. C. Prewitt.

Rev. L. A. Upshaw, pastor of the A. M. E. church, Broadway, preached a feeling Thanksgiving sermon at 10:45. The services were largely attended and the music prepared was most excellent.

### AT THE THEATER

"A Royal Slave" at the Grand Monday night, is a true life picture of a people who, though our neighbors, are but little understood by us. It is a beautiful picture of sunny Mexico, a land where passionate nature and soft romance burst into blossom amid mirth and music, poetry and song. "A Royal Slave" depicts Mexican life in all its phases, from the highest to the lowest; a thrilling story of love, passion, intrigue, revenge, devotion and heroic daring.

Lincoln J. Carter's great scenic comedy, "The Darkest Hour," will be seen at the Grand Saturday, December 5. It is said to contain a story of intense heart interest relieved by many bright and witty spurts of laughable comedy. The acting company has been carefully selected and includes many well known faces. Several clever specialties are indulged in by the soubrette and comedian of a novel and artistic character.

Mabel McKinley is coming.

### Cured Piles After 40 Years.

Mr. C. Haney, of Geneva, O., had the piles for 40 years. Doctors and dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Constable Dennis Eagan, of Coltsville township, Mahoning county, was sentenced to \$50 and costs and thirty days in the Cleveland workhouse for assaulting Attorney Michael Livingstone.

Kirby T. Liber, of Salem, recently held for the grand jury at New Castle on a charge of having stolen money from the Erie railroad while employed as a telegraph operator, has been arrested at Mansfield, charged with stealing goods from a freight car.

### A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. ### EAST END

### CRIMES CASE WILL BE HEARD TOMORROW

Suing Kenneth Davidson, the Dairyman, for Wages, Amounting to \$28.

The case of William Grimes against Kenneth Davidson, the dairyman, will be called in Justice Carman's court tomorrow. The hearing of the case will be interesting, owing to the prominence of the parties and the court room will be filled with spectators. Grimes engaged himself to work for Davidson at his farm in Beaver county and one of Davidson's teams transported Grimes' effects to the farm. After about a month of work the men had a dispute.

Grimes returned to his home in the East End and claims that Davidson refused to settle with him. Davidson claimed an offset on the account of \$5 for removing Grimes' things, which Grimes refuses to allow, stating that it was a part of the agreement that the moving should be done gratis. The amount involved is \$28.

J. E. Davis is the plaintiff's attorney.

### STILL HOPE FOR OIL IN THE STACEY WELL

Stray Sand Was Mistaken for the Berea And the Drillers Are Now Going Ahead.

All hope of finding oil in the well of the Stacey company, three miles south of Toronto, has not been abandoned and further developments are looked for today. A few days ago it was announced that the drill had penetrated the Berea without even a showing of oil, but it has developed that it was a stray sand that had been encountered. Drilling was resumed and it is expected that the Berea will be reached late this afternoon.

Claude Ormes, one of the drillers, was in town from the well yesterday, bringing a quantity of the sand through which the tools were passing. The sand was saturated with oil and the hopes of the stockholders are once more high. Several of those interested left this morning for Toronto to see the well brought in.

### Case Postponed.

As predicted Wednesday in this column, the damage case of Ormes & Sons against P. Pettler & Sons for \$295 damages, was postponed when

called this morning in Justice Carman's court. The delay was requested by the plaintiffs' attorney, owing to the absence of one of the plaintiffs from the city. The case was reset for Wednesday, December 9.

### INTERESTING SERVICES

Union Meeting for Thanksgiving Greatly Enjoyed by a Goodly Congregation.

The Second U. P. church was thronged yesterday morning at the Thanksgiving union service, the congregation being representative of all the East End churches. Rev. Dr. S. F. Lloyd, of the Erie street M. E. church, delivered the address, talking for his text "The Duty of Thankfulness," the scriptural reference being Thess. 5:18, "In every thing give thanks; for this is the will of God in Christ Jesus concerning you." Rev. Dr. Lloyd sustained his reputation as a forcible and eloquent minister and his sermon was greatly enjoyed.

Upon the pulpit were Rev. D. W. McQuiston, pastor of the Second U. P. church, and Rev. N. M. Crowe, of the Second Presbyterian church. Rev. Mr. McQuiston read an appropriate scripture lesson and Rev. Mr. Crowe offered up a fervent Thanksgiving prayer. The choir of the church furnished the music.

### Attending Missionary Meeting.

Rev. J. N. Swan and wife, of Ohio avenue, left this morning for New Cumberland, where they will attend the missionary meeting to be held in the Presbyterian church there. Rev. Mr. Swan has a part in the program. After the meeting Rev. Mr. Swan will leave for Wheeling, where he is to fill the pulpit of the Third Presbyterian church at the service next Sunday morning.

### A Quiet Wedding.

Philip Woodrow and Miss Ethel McPherson were married Wednesday afternoon by Rev. J. N. Swan at his residence on Ohio avenue. The couple were unattended. Mr. and Mrs. Woodrow are prominent young people of Madison township, this county, and have a host of friends.

### Going to Chester.

The degree team of Pan American court will go to Chester again tomorrow night to assist in the initiation of some candidates. The degree team from the Crookery City court will also attend and the Wellsville court will send a delegation.

### A New Pharmacist.

Edward Fagan, of Wellsburg, will soon take a position at the Wilson

drug store as pharmacist. Mr. Fagan is a graduate of a Philadelphia college and is a registered pharmacist. He is a young man of pleasing manners and exemplary habits and should be popular with the people of the East End.

### EAST END AFFAIRS.

J. M. Buckle and Charles Ransberger spent yesterday in the woods, hunting.

Alex Myler and family spent Thanksgiving with his mother, Mrs. Isabel Myler, a short distance from town.

Attorney James E. Davis spent Thanksgiving with his mother at Calcutta, returning this morning.

Dr. M. W. Taylor and wife spent Thanksgiving with relatives near Darlington.

The dance given by Ormes Bros. in Larkins hall was one of the pleasantest affairs given by the colored people of this city for several months. About 25 couples enjoyed the evening.

As a result of the work done by the East End street department, Lake run, west of Maple street, is in a better condition than for months.

Harry Meador spent yesterday at Massillon.

S. H. Mercer and wife and Wilmer Allison and wife attended a turkey dinner at the home of Dallas Allison three miles back of Chester.

Willie Orr spent Thanksgiving at Pittsburg, witnessing the State and W. & J. football game.

Campbell Brown, of the Larkins grocery, had cause to return thanks yesterday. His fine bull terrier, missing for three weeks, turned up all right, much to his joy.

### A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." For sale by Alvin H. Bulger (only).

### THANKSGIVING DAY SERVICES IN CHURCHES

An Appropriate Sermon By Rev. C. L. V. McKee at the Union Meeting.

Thanksgiving was graciously and fittingly observed yesterday. The union services at the Christian church were largely attended. Rev. C. L. V. McKee preached a fitting sermon. The exercises opened with an organ voluntary; anthem, "To Thee Our Hearts We Raise"; doxology; invocation. Rev. L. E. Lafferty; reading of president's proclamation, Rev. W. H. Glasgow; scripture reading, Rev. W. H. Vandersall; prayer, Rev. Dr. J. W. Toland. An offering was then taken for the poor and needy; anthem, "I Will Extol Thee"; closing prayer, Rev. C. H. Beck; hymn; benediction, Rev. W. C. Prewitt.

Rev. L. A. Upshaw, pastor of the A. M. E. church, Broadway, preached a feeling Thanksgiving sermon at 10:45. The services were largely attended and the music prepared was most excellent.

### FELL FROM A CAR

Undertaker Haugh Meets With Painful Injuries While Engaged at Work.

R. M. Haugh, the well known undertaker, while helping to unload a car of hay this morning at the upper depot, lost his footing and fell from the car to the ground, badly spraining a leg and sustaining injury to his head. He was taken to his livery stable and a physician summoned.

Mr. Haugh is also in delicate health and his injuries will fall heavily upon him.

#### A Fine Concert.

The vocal concert given last evening by the Second Presbyterian church choir, C. L. Berry, director, assisted by Mrs. Arthur J. Healey, soloist; Mrs. Wm. J. Walters, accompanist; special mixed chorus and Euterpean Male chorus, in that edifice, was attended by a large and appreciative audience and a superb program was rendered.

#### Will Do Wholesale Business.

John Horton is putting up a horse-radish and hominy factory between Eleventh and Twelfth streets on Commerce street and will enter largely into the wholesale trade of these products.

#### Reserved the Coal.

William G. McCullough, in selling the 1,200 acres at Yellow Creek to the Cleveland syndicate, reserved the oil and gas rights on the lands. He also reserved 30 acres of the homestead upon which the old McCullough mansion stands and 40 other acres fronting on the Ohio river.

### AT THE THEATER

"A Royal Slave" at the Grand Monday night, is a true life picture of a people who, though our neighbors, are but little understood by us. It is a beautiful picture of sunny Mexico, a land where passionate nature and soft romance burst into blossom amid mirth and music, poetry and song. "A Royal Slave" depicts Mexican life in all its phases, from the highest to the lowest; a thrilling story of love, passion, intrigue, revenge, devotion and heroic daring.

Lincoln J. Carter's great scenic comedy, "The Darkest Hour," will be seen at the Grand Saturday, December 5. It is said to contain a story of intense heart interest relieved by many bright and witty spurts of laughable comedy. The acting company has been carefully selected and includes many well known faces. Several clever specialties are indulged in by the soubrette and comedian of a novel and artistic character.

Mabel McKinley is coming.

#### Cured Piles After 40 Years.

Mr. C. Haney, of Geneva, O., had the piles for 40 years. Doctors and dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. Sold by Alvin H. Bulger (only).

Henry Ernst, 83, is dead. He was born in Pennsylvania and went to Warren, 200 miles, on foot, when a young man.

"Abe Lincoln," a Canton character about town, was killed by a train at Massillon. His real name was Samuel Jenkins.

Sabbatino Marenco, a Wabash railroad workman, had both arms blown off and was fatally injured by the explosion of a delayed blast near Steubenville.

Dr. Ephraim H. Haas, formerly a prominent physician at East Palestine, and more recently an inmate of the Massillon state hospital, died in that institution at the age of 51 years.

Constable Dennis Eagan, of Coitsville township, Mahoning county, was sentenced to 50 days and costs and thirty days in the Cleveland workhouse for assaulting Attorney Michael Livingstone.

Kirby T. Liber, of Salem, recently held for the grand jury at New Castle on a charge of having stolen money from the Erie railroad while employed as a telegraph operator, has been arrested at Mansfield, charged with stealing goods from a freight car.

#### A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Bulger.

It is not too early to look about for Christmas presents. The early shopper avoids the rush and gets the pick of the holiday goods. The Christmas trade will be enormous this year. Millions of people are interested in it, the vast majority of them as buyers, and millions of dollars will be expended in it. In a matter of such importance, buying should be done circumspectly and without haste, and that is only possible where the shopping is done before the rush begins. East Liverpool people do not need to go away from home to have their Christmas wants well supplied.

## Scientific Cough Cure.

We do not believe that any cough cure can be better than Craig's Horehound Tar and Wild Cherry. It does just what must be done to thoroughly cure a cough. It overcomes congestion and inflammation—it soothes and heals the delicate tissues of the air passages—it promotes expectoration—loosens the cough and finally cures it to stay cured. Relief is almost immediate. It is pleasant to take and economical to use. When you want the best possible cough cure ask for Craig's Horehound Tar and Wild Cherry.  
Price 25c and 50c.

**Anthony Rash.**  
Anthony Rash, aged 56 years, died at his home on Coal street, Wellsville, yesterday morning at 11:15 of congestion of the lungs. He was ill but four days. He was a veteran of the civil war, serving in Company K, One Hundred and Fourth Ohio Volunteer Cavalry, with distinction for three years and three months. He was captured at the battle of Murfreesboro, Tenn., and served six months in Andersonville prison. Mr. Rash was unassuming and had a host of friends in Wellsville. His wife, Mrs. Lida Ramsey, died 18 years ago. He leaves four children: Miss Gertrude, at home; Mrs. Emma Rolley, Wellsville, and Charles and William, at home. The funeral will take place Saturday at 2 o'clock from the home. Rev. W. C. Prewitt, pastor of the Christian church, officiating, and the interment will take place in Spring Hill cemetery.

**John Quinlan.**  
Salineville, November 27.—(Special.)—John Quinlan, aged about 60 years, died here yesterday morning from an attack of pneumonia. He was well until Sunday when he became ill and it was soon evident that his death would ensue in a short time. He was one of the best known miners here and was very popular in labor organizations. He was a member of the Catholic church. He leaves a wife. The funeral services will take place tomorrow morning. Interment will be made in St. Patrick's cemetery.

**Theater Party.**—Members of the Y. M. P. club gave a delightful theater party at the Grand last night. After the performance dinner was served to them at the Delicatessen.

**An Annoying Practice.**—Residents of Fourth street are complaining of the actions of the pupils of the Central school, who are accustomed to rig door bells all along the street. The practice has become unbearable, and it is likely arrests will be made if the annoyance is continued.

**The Greenland Here.**—The new side wheeler, Greenland, reached here at 10 o'clock last night on her maiden trip. Several hundred people gathered at the wharf to look her over. The general opinion is that the new steamer is the finest on the river and her popularity is assured. The Greenland is due down tonight at 8 o'clock.

## THE MAYOR'S DECISION REVERSED BY THE JUDGE

Continued from First Page.

Faloon, which came up from the court of Justice Winder in Hanover township, presented a unique and interesting question. In this case Rutledge had sued for a remainder alleged to be due on a hay bailer and in the Justice's court got judgment by default for \$75. The defendant then filed an appeal bond, taking the case to common pleas court, but after more than 100 days had elapsed it was found that Miss Ella Faloon, the surety on the bond, had affixed her signature at the wrong place. An explanation from the Justice setting the matter right did not reach the court until after the expiration of the time for a motion to quash the appeal was filed on the ground that the bond was invalid on account of a defective signature. The court overruled the motion, holding that the questionable signature was in fact a signature.

In the case of Vulcan Clay company of Wellsville versus John Lyth et al, a motion that some of the allegations be stricken out was overruled, the court holding that while they may appear redundant now they may become pertinent on the hearing of the case.

TWELVE PAGES.

It is not too early to look about for Christmas presents. The early shopper avoids the rush and gets the pick of the holiday goods. The Christmas trade will be enormous this year. Millions of people are interested in it, the vast majority of them as buyers, and millions of dollars will be expended in it. In a matter of such importance, buying should be done circumspectly and without haste, and that is only possible where the shopping is done before the rush begins. East Liverpool people do not need to go away from home to have their Christmas wants well supplied.

East Liverpool extends a cordial welcome to the Ohio valley teachers. We are up to date on educational matters, even though we may be a trifle behind the age in hotel accommodations.

"Uncle Joe" Cannon is being boomed for the vice presidency. He is doing very well where he is, and will probably be content to leave the job to some younger man.

Thanksgiving Day, first observed by a little band of Pilgrims at Plymouth, is now celebrated wherever the universal Yankee dwells, and that means all around the world.

The Danish West Indies, watching the trend of events, seem about ready to conclude that annexation to the United States would be a good thing for them.

### Cough Cure.

We do not believe that any cough cure can be better than Craig's Horehound Tar and Wild Cherry. It does just what must be done to thoroughly cure a cough. It overcomes congestion and inflammation—it soothes and heals the delicate tissues of the air passages—it promotes expectoration—loosens the cough and finally cures it to stay cured. Relief is almost immediate. It is pleasant to take and economical to use. When you want the best possible cough cure ask for Craig's Horehound Tar and Wild Cherry.

### MANY NEW VENTURES

Undertaken By Oil Men in the Turkey-foot, Congo And Moscow Fields.

Gauger Dan M. Shakely, of Turkey-foot, reports the following new operations in Turkeyfoot extension, Congo and Moscow fields: Moscow—John Mildred Sons & Co.; No. 3, J. A. Watson farm, 5 barrels; R. M. Cowl, No. 8, Hudson heirs farm, rig building; Esenwise & Co.'s No. 1, George Gregory farm, drilling, down 150 feet. Congo—A. B. Smith No. 7, A. B. Smith farm, drilling, down 400 feet. Turkeyfoot, old field—Haskell & Hopkins No. 38, L. R. Smith farm, drilling 400 feet. Trades Oil company's No. 1, Alex Robinson farm, new rig. This is a wild cat well in advance of developments, and the company have leased 400 or 500 acres on the southwestern branch at King's Creek, in territory that the drill has not heretofore reached. The Cleveland & Port Homer Oil company is talking of drilling another well on the E. W. Cooper farm, Port Homer.

The West Virginia Oil & Gas company is putting up the rig for their No. 2 well on the B. A. Geer farm, between Moscow and Congo. An operator named Cameron from Sistersville has leased a big block of land east of the Carson pool, Turkeyfoot extension, and will drill two or three test wells.

### NON-SUPPORT

**William Baremore Arrested for Abandonment And Compelled to Provide for His Family.**

William Baremore was before Justice W. C. Johnston yesterday, where he faced a charge of non-support filed by his wife. The complainant was present, and after going over the details of the case thoroughly Baremore

entered into an agreement to pay over a certain sum each week for the maintenance of his wife and little child.

Until six months ago the Baremores resided in the East End, East Liverpool. The husband left his home suddenly and his whereabouts were unknown until last Tuesday when he was located in Chester, having been employed in one of the potteries there for some time. Mrs. Baremore had managed to get on for a short time after her husband's departure, but was finally compelled to give up and return to the home of her parents in the country. As soon as she learned of her husband being in Chester she at once filed the complaint, with the result just noted.

### A BIG PURCHASE OF VALUABLE TERRITORY

Recently Made By the Standard Oil Company in the Turkey-foot Region.

The South Penn Oil company, otherwise known as the Standard Oil company, has recently made a big purchase of valuable oil territory in the Turkey-foot extension or Carson pool, for which it paid a good, round sum. There are 11 wells formerly owned by the Belmont Oil company, located on the W. N. Bell, Wesley Herron and J. Q. F. Deamer farms. The wells produce on an average of 25 barrels daily of the finest quality of oil, and of the quality the Standard is so much desirous of obtaining. The Standard is continually on the alert for such valuable holdings, and has really secured the best wells in the Knoxville and Sugar Grove districts. Should any of the large number of wells now drilling prove remunerative the Standard will undoubtedly be in the field to secure them. The developments this winter promise to be the largest in the history of oil development in the Ohio valley fields, should oil still remain

### DANIEL JOHNS HOME

He Told a News Review Reporter That He Did Not Intend to Stay Away.

Daniel Johns, who disappeared from his home in Chester about a week ago under such very ordinary circumstances, has returned to his family and has once more taken his place among the other men of the community. Mr. Johns was absent from home just one week, and states he was visiting relatives in Martin's Ferry. While he admits that he and his wife had a quarrel, and that he left home on that account, he did not intend to stay. He saw no one from Chester while he was in Martin's Ferry, and is at a loss to account for the word getting to Chester concerning his presence there. Mr. Jones says he does not know any one named Morris Morris, and can not understand how such a report got out. He is especially anxious to correct the impression that he contemplated remaining away from Chester and his wife permanently. He is now at home to stay and will do his best to avoid trouble in the future.

#### Successful Union Services.

The union Thanksgiving services held at the Chester United Presbyterian church yesterday morning were well attended and very interesting. Rev. Mr. Blackmore, pastor of the Methodist Episcopal church, preached an appropriate and powerful sermon. Special music had been prepared for the occasion and the meeting was one of the most thoroughly enjoyed of any held in Chester in a long time. Rev. W. Bruce Gillis, pastor of the

church in which the union service was held, presided.

#### Mrs. Riley No Better.

The condition of Mrs. Sarah Riley, the aged lady who has been very ill in the lower part of town, is unchanged, and the attending physician holds out but little hope for her recovery. The lady is 76 years of age, and the blood poisoning in her right arm, together with other complications which have kept her confined to her bed for so long, are likely to prove fatal.

#### New Lawyer in Chester.

Bert Brown, of New Cumberland, a former East Liverpool newspaper man, but now a full-fledged attorney, will file his shingle to the breeze at Chester after January 1.

## MANY NEW VENTURES

Undertaken By Oil Men in the Turkey-foot, Congo And Moscow Fields.

Gauger Dan M. Shakely, of Turkey-foot, reports the following new operations in Turkeyfoot extension, Congo and Moscow fields: Moscow—John Mildred Sons & Co.; No. 3, J. A. Watson farm, 5 barrels; R. M. Cowl, No. 8, Hudson heirs farm, rig building; Esenwise & Co.'s No. 1, George Gregory farm, drilling, down 150 feet. Congo—A. B. Smith No. 7, A. B. Smith farm, drilling, down 400 feet. Turkey-foot, old field—Haskell & Hopkins No. 38, L. R. Smith farm, drilling 400 feet. Trades Oil company's No. 1, Alex Robinson farm, new rig. This is a wild cat well in advance of developments, and the company have leased 400 or 500 acres on the southwestern branch at King's Creek, in territory that the drill has not heretofore reached. The Cleveland & Port Homer Oil company is talking of drilling another well on the E. W. Cooper farm, Port Homer.

The West Virginia Oil & Gas company is putting up the rig for their No. 2 well on the B. A. Geer farm, between Moscow and Congo. An operator named Cameron from Sistersville has leased a big block of land east of the Carson pool, Turkeyfoot extension, and will drill two or three test wells.

## NON-SUPPORT

**William Baremore Arrested for Abandonment And Compelled to Provide for His Family.**

William Baremore was before Justice F. C. Johnston yesterday, where he faced a charge of non-support filed by his wife. The complainant was present, and after going over the details of the case thoroughly Baremore

entered into an agreement to pay over a certain sum each week for the maintenance of his wife and little child.

Until six months ago the Baremores resided in the East End, East Liverpool. The husband left his home suddenly and his whereabouts were unknown until last Tuesday when he was located in Chester, having been employed in one of the potteries there for some time. Mrs. Baremore had managed to get on for a short time after her husband's departure, but was finally compelled to give up and return to the home of her parents in the country. As soon as she learned of her husband being in Chester she at once filed the complaint, with the result just noted.

## A BIG PURCHASE OF VALUABLE TERRITORY

Recently Made By the Standard Oil Company in the Turkey-foot Region.

The South Penn Oil company, otherwise known as the Standard Oil company, has recently made a big purchase of valuable oil territory in the Turkey-foot extension or Carson pool, for which it paid a good, round sum. There are 11 wells formerly owned by the Belmont Oil company, located on the W. N. Bell, Wesley Herron and J. Q. F. Deamer farms. The wells produce on an average of 25 barrels daily of the finest quality of oil, and of the quality the Standard is so much desirous of obtaining. The Standard is continually on the alert for such valuable holdings, and has really secured the best wells in the Knoxville and Sugar Grove districts. Should any of the large number of wells now drilling prove remunerative the Standard will undoubtedly be in the field to secure them. The developments this winter promise to be the largest in the history of oil development in the Ohio valley fields, should oil still remain

### REALM OF SPORTS

## STEUBENVILLE DID NOT COME

Rovers Disappointed Again, the Acme Eleven Cancelling at the Last Minute.

### THE LOCAL TEAMS BEATEN

Hollenden Club Lost at New Brighton, 11 to 6, and Chester A. C. Failed to Score Against Empire—Other Thanksgiving Day Games.

Cancelled upon again at the last moment, the Rovers found themselves, Thanksgiving eve, in a fair way to disappoint the lovers of the sport, and after trying every plan of securing another good team, had to resort to the Diamond Tigers. The Acmes sent Manager Hughes word last Wednesday night that they were not coming and as nearly every eleven in the country had a Thanksgiving game, it was quite useless for him to try for an outside team, so in order that the public be not entirely disappointed, the Diamond Tigers, a team 30 pounds lighter to the man, was taken on.

Manager Hughes, to substantiate the statements above handed the sporting editor of the News-Review a letter, written by John McDonald, of the Acme team, on November 23. It is therein stated that the team would be here and that it had been

arranged to leave Steubenville at 11:19. Manager Hughes also submitted the telegram of Wednesday signed by McDonald and stating the team would not come. No reason was assigned.

The Tigers, of course, were outclassed, and the Rovers won 55 to 0. The Tigers played with spirit and seemed to have no fear of their heavier antagonists. There was not a moment of time lost in disputes or for men hurt and the two halves were reeled off in the fastest time made at the park this year. McLaughlin, the Tiger fullback, who is much heavier than his team mates, played a great game. He had considerable work to do for on the nine touchdowns made by the Rovers the ball was kicked off to the Tigers, they being held for downs for the most part. McLaughlin also played well at defensive, some of his tackling being worthy of particular mention. He is a strapping big fellow and would make a good tackle or back for the Rovers.

The real feature of the game, however, was one of Cartwright's good kicks. The ball was taken over near the side line and carried out 15 yards. The chances for making the goal were slim, but Cartwright's perfect kick sent it between the posts.

The lineups were as follows: Rovers—Godwin, left end; Hughes,

left tackle; McDevitt, left guard; Price, center; Amos, right guard; Burgess, right tackle; Arb, right end; McAvoy, quarterback; Jones, left half; Hardy, right half; Cartwright, fullback.

Tigers—Stilwell, left end; Little, left tackle; Doty, left guard; Hayden, center; Putman, right guard; Murphy, right tackle; Bucher, right end; Pomeroy, quarterback; McNicols, left half; O'Donnell, right half; McLaughlin, fullback.

Touchdowns—Hardy 5, Jones 2, Cartwright 2, Arb 1. Umpire—J. Coleman. Referee—Walsh. Time of halves—20 minutes.

### HOLLENDEN CLUB LOST AT NEW BRIGHTON

McCullough, a Geneva College Ringer, Had His Collar Bone Broken And Deitz Was Hurt.

The Hollenden club eleven was defeated yesterday by a team alleged to be composed of high school players, but which contained several ringers, one of them McCullough, of Geneva college. The final score was 11 to 6. New Brighton scoring two touchdowns and kicking one goal and the Hollendens making one touchdown and goal. McCullough, the ringer, had his collar bone broken early in the first half, so was of very little assistance to New Brighton. Deitz, the Hollenden's center, was also injured in this half, but not seriously. He had to retire, however.

The vanquished players were not satisfied with the result and at once challenged for another contest, which New Brighton accepted. The game will be played in this city and no ringers are to be allowed. The Hollenden lineup was as follows:

Deitz, center; Stroud, right guard; Eckart, left guard; Carahan, right

tackle; Tatgenhorst, left tackle; Metz, right end; Morrow, Dawson, right back; Little, left back; Rigby, fullback; Davidson, quarter.

### LAUGHLINS BEATEN FOR CHAMPIONSHIP

Rovers Won an Uninteresting Game Yesterday By the Score, 3 to 2.

The East Liverpool Rovers maintained its title to the championship of the city, and of the state, by defeating its younger rival, the Homer Laughlin team, by a score of 3 to 2. The game was not particularly well played on either side, though several of the players performed well. There were a number of weak points on either side and as a consequence there was a noticeable lack of team work.

Several of the old Rover team are now members of the other organization and around this nucleus of seasoned players has been gathered a sufficient number to fill the remainder of the positions. With the teams combined East Liverpool could boast of the strongest lineup in the country.

The lineups were as follows: Rovers—S. Layton, goal; Pope and Layton, fullbacks; C. Beech, Parker and Tucker, halfbacks; Bowers, Win, G. Townley, Massey and Alcock, forwards.

Laughlins—Arthur Townley, goal; McCarron and Thompson, fullbacks; Roe, Hall and Albert Townley, halfbacks; Brown, Smith, Davis, Bloor, and Adams, forwards. Umpire, C. Horton.

### EAST LIVERPOOL FIVE WON FROM FREEDOM

Had An Easy Time Piling Up 28 Points While Freedom Made 8.

The East Liverpool basket ball five was about the only local aggregation to escape defeat yesterday, winning from Freedom by a score of 28 to 8. The Freedom players were as easy for the locals as they were at the pavilion a few weeks ago. The locals were superior in every department of the game and did not have to work hard for the victory.

The game was witnessed by a large number of East Liverpool people, most of whom returned on the midnight train.

The lineups: East Liverpool—Allison, forward; Bloor, forward; Rigby, center; Watkins, guard; Chadwick, guard. Freedom—Urst, forward; Elley, forward; R. George, center; Bane, guard; Goettman, guard. Goals from field—Urst, Allison 4, Rigby 5, Watkin 2. Goals from fouls—Allison, Rigby 4, Watkins, Goettman 2, Bane 4. Substitutions—Dowell for Bloor, H. George for Goettman. Referee—Mohr.

## Christmas Suggestions From HARD'S

Thanksgiving over you'll begin to think in earnest of Christmas presents. We'll help you think.

### A Cue

There is a great demand in every family for a reasonable amount of amusement and every parent ought to be interested in meeting that demand right in the home.

The demand is imperative; it must be met. The home that fails to offer its young people a liberal amount of good, wholesome recreation takes a chance of their finding it elsewhere, perhaps in desirable places—perhaps not.

The games of billiards and pool are the most fascinating because no two shots are ever alike, and the beginner is as much attached by the fact as the expert.

A table, of which we have them from \$15.00 up. Will be a present for the entire family.

### For Grown-Ups

our East Window offers a variety of suggestions.

Trifles look small and insignificant to grown-up ladies and gentlemen.

Large articles are sometimes inappropriate but in this window-full you will see articles suitable for everyone. There is a variety of Chairs, Easy, Fancy and Unique Rockers, Large, Small and Medium; Fancy Cushion Pedestals, Jardinier Stands.

Among the articles we call your attention to the

er winning 5 to 0. The game was a fast one, the touchdown coming early in the game. The kickoff was fumbled and the Nonpareils were held for downs on their own 20-yard line. Beaver rushed the ball over, but failed to kick goal. The work of Mountford and Meyers for the Nonpareils was the feature.

### Chester A. C. Beaten.

In a hard fought game Chester A. C. was defeated yesterday at New Cumberland by the Empire eleven, 5 to 0. The game was exciting throughout, Empire playing straight foot ball, refraining from slugging and holding. Chester played a good game, but losing the ball on their 20-yard line could not hold and Empire went over their goal line for the only touchdown of the game. The attendance at the game was large and Chester had a fair share of the rooters.

### Nonpareils Lost.

The Nonpareil Athletic club of the East End shared in the general defeat of East Liverpool teams, being scored against for the first time this season and failing to score themselves, Beaver.

### Brewery A. C. Played Well.

The Brewery Athletic club was disappointed in its morning game yesterday, the Diamond Indians refusing to play, asking for a postponement until Saturday. At Wellsville in the afternoon they encountered the Brunos instead of the Bruno Juniors, with whom they were scheduled to play. Manager Bridge and the players were not disheartened, however, and went in against the heavier team. To the surprise of the Brunos they were held to no score, the locals also failing to make a score. The Brewery lineup was as follows: Coleman, lf; Lamborn, lf; Wines, lg; Smith, c; Powell, rg; Cain, rt; Amos, re; Furnival, qb; Torrence, hb; Bridge, fb.

### SPORTING MISCELLANY

Joe Corbett denies that he has been signed by the Pirates for next season.

It is said that the Yale Athletic association made \$50,000 on the football season.

It is now said that there is little probability of the foul strike rule being changed.

Gus Ruhlin is hot after Jack Mun-

roe. He wants to fight him anywhere on fair terms.

The boxing contest to have been held at the Nonpareil Athletic club in Beaver Falls, was declared off on account of Joe Youngs being unable to take part.

The diamond-studded belt presented to John L. Sullivan when he was the height of his career in 1887, sold at auction in New York for \$2,900. The belt is said to have cost \$10,000.

Ed. Scott, who was recently star pitcher of the Cincinnati Reds and had since filled short engagements with other teams, is at point of death in his home in W. bridge, a Toledo suburb.

What You Need for Constipation When troubled with constipation, you need a remedy that is sure to produce the desired effect. A remedy that is gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Bowel Tablets meet all of these requirements. They are a trial and you will never wish to use another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted. For sale by Alvin H. ### REALM OF SPORTS

## STEUBENVILLE DID NOT COME

Rovers Disappointed Again, the Acme Eleven Cancelling at the Last Minute.

### THE LOCAL TEAMS BEATEN

Hollenden Club Lost at New Brighton, 11 to 6, and Chester A. C. Failed to Score Against Empire—Other Thanksgiving Day Games.

Cancelled upon again at the last moment, the Rovers found themselves. Thanksgiving eve, in a fair way to disappoint the lovers of the sport, and after trying every plan of securing another good team, had to resort to the Diamond Tigers. The Acmes sent Manager Hughes word last Wednesday night that they were not coming and as nearly every eleven in the country had a Thanksgiving game, it was quite useless for him to try for an outside team, so in order that the public be not entirely disappointed, the Diamond Tigers, a team 30 pounds lighter to the man, was taken on.

Manager Hughes, to substantiate the statements above handed the sporting editor of the News-Review a letter, written by John McDonald, of the Acme team, on November 23. It is therein stated that the team would be here and that it had been

arranged to leave Steubenville at 11:19. Manager Hughes also submitted the telegram of Wednesday signed by McDonald and stating the team would not come. No reason was assigned.

The Tigers, of course, were outclassed, and the Rovers won 55 to 0. The Tigers played with spirit and seemed to have no fear of their heavier antagonists. There was not a moment of time lost in disputes or for men hurt and the two halves were reeled off in the fastest time made at the park this year. McLaughlin, the Tiger fullback, who is much heavier than his team mates, played a great game. He had considerable work to do for on the nine touchdowns made by the Rovers the ball was kicked off to the Tigers, they being held for downs for the most part. McLaughlin also played well at defensive, some of his tackling being worthy of particular mention. He is a strapping fellow and would make a good tackle or back for the Rovers.

The real feature of the game, however, was one of Cartwright's good kicks. The ball was taken over near the side line and carried out 15 yards. The chances for making the goal were slim, but Cartwright's perfect kick sent it between the posts.

The lineups were as follows:

Rovers—Godwin, left end; Hughes,

### HOLLENDEN CLUB LOST AT NEW BRIGHTON

McCullough, a Geneva College Ringer, Had His Collar Bone Broken And Deitz Was Hurt.

The Hollenden club eleven was defeated yesterday by a team alleged to be composed of high school players, but which contained several ringers. One of them McCullough, of Geneva college. The final score was 11 to 6. New Brighton scoring two touchdowns and kicking one goal and the Hollendens making one touchdown and goal.

McCullough, the ringer, had his collar bone broken early in the first half, so was of very little assistance to New Brighton. Deitz, the Hollendens' center, was also injured in this half, but not seriously. He had to retire, however.

The vanquished players were not satisfied with the result and at once challenged for another contest, which New Brighton accepted. The game will be played in this city and no ringers are to be allowed. The Hollenden lineup was as follows:

Deitz, center; Stroud, right guard; Eckart, left guard; Carahan, right

tackle; Tatgenhorst, left tackle; Metz, right end; Morrow, Dawson, right back; Little, left back; Rigby, fullback; Davidson, quarter.

### LAUGHLINS BEATEN FOR CHAMPIONSHIP

Rovers Won an Uninteresting Game Yesterday By the Score, 3 to 2.

The East Liverpool Rovers maintained its title to the championship of the city, and of the state, by defeating its younger rival, the Homer Laughlin team, by a score of 3 to 2. The game was not particularly well played on either side, though several of the players performed well. There were a number of weak points on either side and as a consequence there was a noticeable lack of team work.

Several of the old Rover team are now members of the other organization and around this nucleus of seasoned players has been gathered a sufficient number to fill the remainder of the positions. With the teams combined East Liverpool could boast of the strongest lineup in the country.

The lineups were as follows:

Rovers—S. Layton, goal; Pope and Layton, fullbacks; C. Beech, Parker and Tucker, halfbacks; Bowers, Winz, G. Townley, Massey and Alcock, forwards.

Laughlins—Arthur Townley, goal; McCarron and Thompson, fullbacks; Roe, Hall and Albert Townley, halfbacks; Brown, Smith, Davis, Bloor, and Adams, forwards. Umpire, C. Horton.

### EAST LIVERPOOL FIVE WON FROM FREEDOM

Had An Easy Time Piling Up 28 Points While Freedom Made 8.

The East Liverpool basketball five was about the only local aggregation to escape defeat yesterday, winning from Freedom by a score of 28 to 8. The Freedom players were as easy for the locals as they were at the pavilion a few weeks ago. The locals were superior in every department of the game and did not have to work hard for the victory.

The game was witnessed by a large number of East Liverpool people, most of whom returned on the midnight train.

The lineups:

East Liverpool—Allison, forward; Bloor, forward; Rigby, center; Watkins, guard; Chadwick, guard.

Freedom—Urst, forward; elley, forward; R. George, center; Bane, guard; Goettman, guard.

Goals from field—Urst, Allison 4, Rigby 5, Watkin 2.

Goals from fouls—Allison, Rigby 4, Watkins, Goettman 2, Bane 4.

Substitutions—Dowell for Bloor, H. George for Goettman.

Referee—Mohr.

## Christmas Suggestions From HARD'S

Thanksgiving over you'll begin to think in earnest of Christmas presents. We'll help you think.

### A Cue

There is a great demand in every family for a reasonable amount of amusement and every parent ought to be interested in meeting that demand right in the home.

The demand is imperative; it must be met. The home that fails to offer its young people a liberal amount of good, wholesome recreation takes a chance of their finding it elsewhere, perhaps in desirable places—perhaps not.

The games of billiards and pool are the most fascinating because no two shots are ever alike, and the beginner is as much attracted by the fact as the expert.

A table, of which we have them from \$15.00 up. Will be a present for the entire family.

### For Grown-Ups

our East Window offers a variety of suggestions.

Trifles look small and insignificant to give to grown-up ladies and gentlemen.

Large articles are sometimes inappropriate but in this window-full you will see articles suitable for everyone. There is a variety of Chairs, Easy, Fancy and Unique Rockers, Large, Small and Medium; Fancy Cushion Pedestals, Jardinier Stands.

Among the articles we call your attention to the

# A Greater Discovery than Wireless Telegraphy

We look upon Rexall Mucu-Tone as a greater discovery than wireless telegraphy—greater than any other discovery of which we know.

Wireless telegraphy means easier, quicker, cheaper transmission of commercial, social and journalistic intelligence—means progress along business lines.

Rexall Mucu-Tone means life and health for twelve million American men and women now in the clutches of a most dangerous, most insidious disease—catarrh.

Rexall Mucu-Tone is the exact combination of medicinal drugs necessary to effect a prompt, safe, permanent cure of catarrh.

It is a triumph of Science—an absolutely new discovery in medicine, and its importance is realized when the awful effects and widespread existence of catarrh is considered.

Catarrh is a disease of the mucous membranes. It may seize upon head and throat, stomach, liver, kidneys, bladder, or with women—the delicate organs of generation.

But wherever located, congestion of the mucous cells is the cause. Inflammation is followed by a discharge; the blood is poisoned; the membranes, muscles and bones slowly rot away.

## Rexall Mucu-Tone

reaches the congested cells through the arteries and veins. It infuses sudden activity, causes a muscular expansion and contraction and thus forces them to expel the poisonous secretions.

At once these cells resume their natural functions, inflammation subsides; torn membranes heal; health is restored.

We have investigated thoroughly and we know Rexall Mucu-Tone positively cures catarrh in every form.

So confident are we of this that we invite catarrh sufferers to test it with the distinct understanding that if not cured, the Mucu-Tone they have taken shall cost them nothing.

Rexall Mucu-Tone, only at our store or by mail. Price, 89 cents per large bottle.

## BECAUSE OF SWEARING THE LAND MOURNETH

### Alarming Prevalence of Profanity Among the School Children.

BY REV. W. E. HILL.

The other day, during the noon hour, in passing in the neighborhood of a school house—the village, city or district in which it is located is not material to my purpose—I saw congregated a number of scholars, as I had reasons to believe them to be, who furnished me with my text for a brief sermon.

From what I saw and heard I almost doubted whether some of those boys knew anything of the name of Jehovah except to swear by. Their profanity was shocking and alarming to those who are looking and longing for the future well-being of society.

To say the responsibility for all this behavior on the part of those boys lies at the door of their teachers would doubtless do them an injustice. Be that as it may, does it not suggest the danger of our schools failing, if not in their intellectual training, at least in their moral instruction?

We all know the charge has often been made that our common schools are "Godless." Can it be said the charge is entirely groundless, or that in every instance there is no justice or truth in it?

In regard to the vice alluded to (of which I had occasion to speak in

a previous communication) the prevalence of it in our city is frightful—pervading as it does every class, polluting the ears and defiling the lips of young men and maidens, old men and children.

Nor is it confined to our own city. I feel warranted in saying, with the prophet of old: "Because of swearing, the land mourneth."

In view of these facts should it not be the first aim, not of the parochial or the ecclesiastical school only, but of our common schools everywhere, to counteract the foregoing evil and other manifest immoral tendencies of the youth of today? It is an oft repeated saying of Horace Mann: "One school teacher can do more to relieve society of criminals than all the judges in the land because he begins earlier and his influences reach deeper."

In a recent number of an educational journal the following passage appeared without credit: "Educate the whole man, the head, the heart, the body—the head to think profoundly, the heart to feel nobly, the body to act justly." Is it not true that many teachers feel that their work is done when they simply teach "the head to think"—be it "profoundly" or otherwise?

ness and enjoyment to the poor and needy.

In a city the size of East Liverpool there is naturally much suffering and charity in various forms is doing much to relieve the situation of the poor.

There are organizations such as home missionary societies and charitable associations which are accomplishing creditable work, and a great many of the society ladies of the city are individually, by their charity, going into the "byways and hedges" seeking the worthy poor, and giving liberally to their comfort.

The holiday season is fast approaching and while many of the well situated citizens are in their own happy homes enjoying the happiest and holiest time of the year, why not pause in their enjoyment for a short time and aid a poor and worthy fellow man in his struggle for subsistence? Why not at least realize with him his earthly woe and help him to hail with pleasure the approaching holiday?

### Weddings at Toronto.

Toronto, November 27.—(Special.)—Enoch Harris, of Martin's Ferry, a highly respected tin mill worker, was married to Miss Mary Stanford, daughter of Mr. and Mrs. Duncan Stanford, of Toronto, at the home of the bride's parents, River avenue, at high noon Thanksgiving day by Rev. W. H. Dye, pastor of the M. E. church. A large number of immediate friends of the contracting parties were present.

Mr. Claud Handy, of Canonsburg, Pa., employed as bookkeeper in the Tri-State Gas company's office, Toronto, was married to Miss Angelina Brown, daughter of Mr. and Mrs. Hugh Brown, of Daniels street, Toronto, at the Presbyterian parsonage Wednesday evening at 9 o'clock by Rev. A. D. McCulloch, pastor of the Presbyterian church. They were quietly married. The happy couple left yesterday on a wedding tour to Canonsburg and other cities. Miss Brown has quite a number of relatives in East Liverpool, and was a well known decorator in a number of potteries.

Elks Enjoyed Themselves. The first annual stag of local lodge

"Knowledge is power," said Lord Bacon, who copied the sentiment from Solomon; but it needs no labored argument to prove it is a power to do evil no less than to do good. Unless the individual can command his appetite, subdue his passions and control his desires, unless there is a clear and abiding sense of right and wrong; a feeling of responsibility to God and our neighbor, an education may assist in demoralizing the man and in making him the more dangerous and dreaded object of society.

Some one—the author is unknown to me—has written: "To educate the head only, is to arm a vice; for the march of intellect, separated from moral or religious instruction and influences, has always been the rogue's march. And that progress of the mind which loses sight of the heart or soul, is an advance like that of our first parents in Paradise, towards knowledge, at the same time towards death."

"This is the way Sidney Smith puts it: 'Every increase of knowledge may possibly render depravity more depraved, as well as it may increase the strength of virtue. It is in itself only power; and its value depends on its application.'

President Mark Hopkins sums it up the highest education is to give character rather than knowledge, to train men to be rather than to know."

To quote again from Horace Mann—he cried out: "Men and women, be ashamed to die until you have won some victory for humanity," and that victory interpreted by his own character and career, is won when the teacher has trained the scholar "to be" rather than "to know."

East Liverpool, O., November 27, 1903.

B. P. O. Elks was held at their hall Wednesday night, and the affair was one of the most enjoyable ever given by the organization. The attendance was unusually large, and every one present thoroughly enjoyed the program. At 11 o'clock the banquet was served and the merry crowd feasted to their heart's content upon the good things provided. The menu was as follows:

Clam Chowder.  
Celery. Pickles. Olives. Lettuce.  
Young Turkey with Cranberry Sauce.  
Ham.  
Boston Baked Beans.  
French Sardines. Cold Slaw.  
Potato Salad.  
Coffee. Elk's Milk.  
After the bountiful spread had been partaken of the company settled back and enjoyed several hours of oratory, music and mirth. Prof. Hatch and his orchestra provided the music and the following gentlemen responded to toasts: Ex-Senator W. V. Blake, Edward Carson, Justice H. P. McCarron, George E. Davidson and several others.

### Entertained Their Friends.

Mr. and Mrs. Percy Frost entertained last evening at their home on Seventh street. The guests of honor were Mr. and Mrs. Hoffman, of Alliance, and Mrs. Henry Porter, of Allegheny. The leading amusement of the evening was progressive euchre, at which the 25 guests had much enjoyment. Pink and white decorations, with beautiful chrysanthemums and other plants added splendor to the entertainment. A notable feature of the evening was the serving of an elaborate luncheon.

### Entertained Friends.

Capt. and Mrs. Gus Martindill delightfully entertained a number of their friends at dinner yesterday, the party being composed of former residents of Gallipolis, the native home of the captain and wife. After feasting on the elaborate luncheon, the party was treated with some beautiful selections of music, both vocal and instrumental, rendered by Mrs. Martindill. As a vocalist Mrs. Martindill has few peers in the city and her efforts were highly appreciated.

### Scott-James.

At the residence of Mrs. Elizabeth Scott, on Third street, yesterday afternoon was performed the marriage of Fred James and Miss Nina Scott. The wedding was simple, but impressive and was witnessed by the relatives of the contracting parties. Rev. W. H. Clark, of Calcutta, performed the ceremony and the wedding march was played by a sister of the bride, Miss Belle Scott Huber, of Jefferson. The bride and groom will make their home in St. Louis.

### Silver Wedding.

Mr. and Mrs. Isaac H. Crable, of Wellsville, on Thanksgiving day celebrated their silver wedding anniversary in a pleasing manner. A large number of their friends were present from out-of-town cities, as well as here. The presentation of a number of beautiful presents was a manifestation of the good wishes and high esteem of the guests for the host and hostess. At 6 o'clock a Thanksgiving dinner was served.

Alcoholic Kidney Remedies Have Many Deaths to Answer for. Remember this:—Kidney-Wort Tablets CANNOT contain alcohol. PATRICK McNAMEE relieved of Bloating and Tired Feelings in 4 days.

Mr. Patrick McNamee of Philadelphia, Pa., wrote Sept. 26, 1903: "Some time ago I had terrible pains in my kidneys. I never had taken any special kidney medicine, but I thought I must have some trouble, as I had bloating of my hands and limbs, and felt so tired all the time. I took Dr. Pettigill's Kidney-Wort Tablets and immediately the bloating of my limbs and the tired feeling disappeared. I began to feel better right away, and to-day I am as well as ever. My health has been restored, and I feel like a new man. I heartily recommend Dr. Pettigill's Kidney-Wort Tablets to everybody troubled with kidney maladies."

Consider the great work which the kidneys have to perform, and the ease with which they become tired, sick and worn out. Let your morning urine stand 24 hours. If it contains cloudy or reddish sediment your kidneys are in trouble.

## SSS THE BEST TONIC

In S. S. S. Nature has provided a tonic suited to every requirement of the system when in a debilitated, run down condition. It contains no strong minerals or drugs, but is a pleasant vegetable preparation. You can find no better remedy for toning up the nerves and bringing refreshing, restful sleep when in a low state of health, or sick and worn out with work or worry.

S. S. S. improves the appetite, aids the digestion and reinforces the system, and its good effects are seen almost from the first dose. It acts promptly in cases of chronic dyspepsia, indigestion and all stomach troubles, and does away with the uncomfortable fullness, nausea, shortness of breath, drowsiness and dizziness that so often come after eating.

S. S. S. is not only the best tonic but possesses alternative or purifying properties, and if there is any taint, humor or poison in the blood it searches it out, and removes it. Many times a low state of health is due to a bad condition of the blood and can only be remedied by a blood purifier and tonic combined, or such a remedy as S. S. S.

If you suffer from debility, insomnia, nervousness, loss of appetite, bad digestion, or any of the symptoms of a disordered blood, nothing will so soon put your blood in good condition, invigorate and tone up the system as S. S. S.

# A Greater Discovery than Wireless Telegraphy

We look upon Rexall Mucu-Tone as a greater discovery than wireless telegraphy—greater than any other discovery of which we know.

Wireless telegraphy means easier, quicker, cheaper transmission of commercial, social and journalistic intelligence—means progress along business lines.

Rexall Mucu-Tone means life and health for twelve million American men and women now in the clutches of a most dangerous, most insidious disease—catarrh.

Rexall Mucu-Tone is the exact combination of medicinal drugs necessary to effect a prompt, safe, permanent cure of catarrh.

It is a triumph of Science—an absolutely new discovery in medicine—and its importance is realized when the awful effects and widespread existence of catarrh is considered.

Catarrh is a disease of the mucous membranes. It may seize upon head and throat, stomach, liver, kidneys, bladder, or with women—the delicate organs of generation.

But wherever located, congestion of the mucous cells is the cause. Inflammation is followed by a discharge; the blood is poisoned; the membranes, muscles and bones slowly rot away.

## Rexall Mucu-Tone

reaches the congested cells through the arteries and veins. It infuses sudden activity, causes a muscular expansion and contraction and thus forces them to expel the poisonous secretions.

At once these cells resume their natural functions, inflammation subsides; torn membranes heal; health is restored.

We have investigated thoroughly and we know Rexall Mucu-Tone positively cures catarrh in every form.

So confident are we of this that we invite catarrh sufferers to test it with the distinct understanding that if not cured, the Mucu-Tone they have taken shall cost them nothing.

Rexall Mucu-Tone, only at our store or by mail. Price, 89 cents per large bottle.

## BECAUSE OF SWEARING THE LAND MOURNETH

Alarming Prevalence of Profanity Among the School Children.

BY REV. W. E. HILL.

The other day, during the noon hour, in passing in the neighborhood of a school house—the village, city or district in which it is located is not material to my purpose—I saw congregated a number of scholars, as I had reasons to believe them to be, who furnished me with my text for a brief sermon.

From what I saw and heard I almost doubted whether some of those boys knew anything of the name of Jehovah except to swear by. Their profanity was shocking and alarming to those who are looking and longing for the future well-being of society.

To say the responsibility for all this behavior on the part of those boys lies at the door of their teachers would doubtless do them an injustice. Be that as it may, does it not suggest the danger of our schools failing, if not in their intellectual training, at least in their moral instruction?

We all know the charge has often been made that our common schools are "Godless." Can it be said the charge is entirely groundless, or that in every instance there is no justice or truth in it?

In regard to the vice alluded to (of which I had occasion to speak in

a previous communication) the prevalence of it in our city is frightful—pervading as it does every class, polluting the ears and defiling the lips of young men and maidens, old men and children.

Nor is it confined to our own city. I feel warranted in saying, with the prophet of old: "Because of swearing, the land mourneth."

In view of these facts should it not be the first aim, not of the parochial or the ecclesiastical school only, but of our common schools everywhere, to counteract the foregoing evil and other manifest immoral tendencies of the youth of today? It is an oft repeated saying of Horace Mann: "One school teacher can do more to relieve society of criminals than all the judges in the land because he begins earlier and his influences reach deeper."

In a recent number of an educational journal the following passage appeared without credit: "Educate the whole man, the head, the heart, the body—the head to think profoundly, the heart to feel nobly, the body to act justly." Is it not true that many teachers feel that their work is done when they simply teach "the head to think"—be it "profoundly" or otherwise?

ness and enjoyment to the poor and needy.

In a city the size of East Liverpool there is naturally much suffering and charity in various forms is doing much to relieve the situation of the poor.

There are organizations such as home missionary societies and charitable associations which are accomplishing creditable work, and a great many of the society ladies of the city are individually, by their charity, going into the "byways and hedges" seeking the worthy poor, and giving liberally to their comfort.

The holiday season is fast approaching and while many of the well situated citizens are in their own happy homes enjoying the happiest and holiest time of the year, why not pause in their enjoyment for a short time and aid a poor and worthy fellow man in his struggle for subsistence? Why not at least realize with him his earthly woe and help him to hail with pleasure the approaching holiday?

### Weddings at Toronto.

Toronto, November 27.—(Special.)—Enoch Harris, of Martin's Ferry, a highly respected tin mill worker, was married to Miss Mary Standford, daughter of Mr. and Mrs. Duncan Standford, of Toronto, at the home of the bride's parents, River avenue, at high noon Thanksgiving day by Rev. W. H. Dye, pastor of the M. E. church. A large number of immediate friends of the contracting parties were present.

Mr. Claud Handy, of Canonsburg, Pa., employed as bookkeeper in the Tri-State Gas company's office, Toronto, was married to Miss Angelina Brown, daughter of Mr. and Mrs. Hugh Brown, of Daniels street, Toronto, at the Presbyterian parsonage Wednesday evening at 9 o'clock by Rev. A. D. McCulloch, pastor of the Presbyterian church. They were quietly married. The happy couple left yesterday on a wedding tour to Canonsburg and other cities. Miss Brown has quite a number of relatives in East Liverpool, and was a well known decorator in a number of potteries.

Elks Enjoyed Themselves. The first annual stag of local lodge

"Knowledge is power," said Lord Bacon, who copied the sentiment from Solomon; but it needs no labored argument to prove it is a power to do evil no less than to do good. Unless the individual can command his appetite, subdue his passions and control his desires, unless there is a clear and abiding sense of right and wrong; a feeling of responsibility to God and our neighbor, an education may assist in demoralizing the man and in making him the more dangerous and dreaded object of society.

Some one—the author is unknown to me—has written: "To educate the head only, is to arm a vice; for the march of intellect, separated from moral or religious instruction and influences, has always been the rogue's march. And that progress of the mind which loses sight of the heart or soul, is an advance like that of our first parents in Paradise, towards knowledge, at the same time towards death."

"This is the way Sidney Smith puts it: 'Every increase of knowledge may possibly render depravity more depraved, as well as it may increase the strength of virtue. It is in itself only power; and its value depends on its application.'"

President Mark Hopkins sums it up the highest education is to give character the highest education is to give character rather than knowledge, to train men to be rather than to know."

To quote again from Horace Mann—in one of his addresses on education, he cried out: "Men and women, be ashamed to die until you have won some victory for humanity," and that victory interpreted by his own character and career, is won when the teacher has trained the scholar "to be" rather than "to know."

East Liverpool, O., November 27, 1903.

B. P. O. Elks was held at their hall Wednesday night, and the affair was one of the most enjoyable ever given by the organization. The attendance was unusually large, and every one present thoroughly enjoyed the program. At 11 o'clock the banquet was served and the merry crowd feasted to their heart's content upon the good things provided. The menu was as follows:

Clam Chowder.  
Celery. Pickles. Olives. Lettuce.  
Young Turkey with Cranberry Sauce.  
Ham.  
Boston Baked Beans.  
French Sardines. Cold Slaw.  
Potato Salad.  
Coffee.  
Elk's Milk.  
After the bountiful spread had been partaken of the company settled back and enjoyed several hours of oratory, music and mirth. Prof. Hatch and his orchestra provided the music and the following gentlemen responded to toasts: Ex-Senator W. V. Blake, Edward Carson, Justice H. P. McCarron, George E. Davidson and several others.

### Entertained Their Friends.

Mr. and Mrs. Percy Frost entertained last evening at their home on Seventh street. The guests of honor were Mr. and Mrs. Hoffman, of Alliance, and Mrs. Henry Porter, of Allegheny. The leading amusement of the evening was progressive euchre, at which the 25 guests had much enjoyment. Pink and white decorations, with beautiful chrysanthemums and other plants added splendor to the entertainment. A notable feature of the evening was the serving of an elaborate luncheon.

### Entertained Friends.

Capt. and Mrs. Gus Martindill delightfully entertained a number of their friends at dinner yesterday, the party being composed of former residents of Gallipolis, the native home of the captain and wife. After feasting on the elaborate luncheon, the party was treated with some beautiful selections of music, both vocal and instrumental, rendered by Mrs. Martindill. As a vocalist Mrs. Martindill has few peers in the city and her efforts were highly appreciated.

### Scott-James.

At the residence of Mrs. Elizabeth Scott, on Third street, yesterday afternoon was performed the marriage of Fred James and Miss Nina Scott. The wedding was simple, but impressive and was witnessed by the relatives of the contracting parties. Rev. W. H. Clark, of Calcutta, performed the ceremony and the wedding march was played by a sister of the bride, Miss Belle Scott Huber, of Jefferson. The bride and groom will make their home in St. Louis.

### Silver Wedding.

Mr. and Mrs. Isaac H. Crable, of Wellsville, on Thanksgiving day celebrated their silver wedding anniversary in a pleasing manner. A large number of their friends were present from out-of-town cities, as well as here. The presentation of a number of beautiful presents was a manifestation of the good wishes and high esteem of the guests for the host and hostess. At 6 o'clock a Thanksgiving dinner was served.

Alcoholic Kidney Remedies Have Many Deaths to Answer for. Remember this:—Kidney-Wort Tablets CANNOT contain alcohol. **PATRICK McNAMEE relieved of Bloating and Tired Feelings in 4 days.**

Mr. Patrick McNamee of Philadelphia, Pa., wrote Sept. 26, 1903: "Some time ago I had terrible pains in my kidneys. I never had taken any special kidney medicine, but I thought I must have some trouble, as I had bloating of my hands and limbs, and felt so tired all the time. I took Dr. Pettigill's Kidney-Wort Tablets and immediately the bloating of my limbs and the tired feeling disappeared. I began to feel better right away, and today I am as well as ever. My health has been restored, and I feel like a new man. I heartily recommend Dr. Pettigill's Kidney-Wort Tablets to everybody troubled with kidney maladies."

Consider the great work which the kidneys have to perform, and the ease with which they become tired, sick and worn out. Let your morning urine stand 24 hours. If it contains cloudy or reddish sediment your kidneys are in trouble.

If you have piercing or Burning Pains, if your Bladder and Urine are not what they should be, if your back aches, write your symptoms to Consultation Department, 133 College St., Burlington, Vt., and they will tell you Free, whether your symptoms are dangerous. You may not have Kidney Disease, but be on the safe side.

## A BEAUTIFUL NEW LAKE AT ROCK SPRINGS PARK

Continued from First Page.

built there, the plans for which are already in shape.

The island will be located near the south end of the lake and extend north to a point near the center of the body of water. A lagoon 40 feet wide will surround the upper end of the island, the depth of water at all points being uniform.

### A NOTATORIUM

#### AND A BOAT HOUSE.

In addition to a large amount of open water north of the island, the lagoon will permit the passage of boats clear around the land. The water to supply and maintain a boating stage in the lake at all times will come from two sources. The course of the run coming down from above will be changed to a considerable degree, and its water utilized as far as it will go, and if more is needed the water works supply will be turned in. The depth of the lake will vary, of course, since it is many feet lower at the front. This difficulty will be avoided by a very ingenious contrivance, however, and the possibility of accidental drowning reduced to a minimum. In the bottom of the deeper portion of the lake will be constructed a substantial lattice work three feet below the surface of the water, and this obstruction will extend south until it meets the ground at a uniform depth of three feet. At no time will the water be deeper than three feet, making it absolutely safe for both boating and skating.

A combination notatorium and boat house will be located at the south end of the lake. This building will be constructed with especial regard to the convenience and the comfort of patrons. The lake will be used as a skating resort in winter, and for pleasure boating in summer. The company has already arranged for the purchase of a number of electric launches, and they will be ready for use as soon as the lake is completed. In addition to these a goodly number of aluminum skiffs will be purchased, and they, too, will be put in use. The lake completed, is to cost approximately \$25,000.

### A COMMODIOUS

#### SWIMMING POOL.

Adjoining the lake on the east will be located a swimming pool 200 feet long and 75 feet wide. It will be separate from the lake, and care will be taken in its construction to have the pool clean and commodious. The surface of this body of water will be six or seven feet higher than the lake, and between the two will be constructed a walk, leading from the bath house to its edge.

The system of sewerage will be as nearly perfect as it is possible to make it. An open sewer will be built from a point far up the hollow to the south end of the lake, and from there to the breastwork and beyond, a 7½-foot closed sewer will be run for a distance of 500 feet. At some points the run's course will be changed as much as 150 feet, and can be easily controlled by the sewers. Every precaution has been taken to avoid accident of any kind. At the lower end of the lake, near the big sewer, will be built three 24-inch pipes leading from the lake. These pipes turn up at the outer end, and are so laid that when the water goes beyond a certain depth in the lake by reason of cloud burst or any other cause, an overflow will result, carrying the water down the hollow and no possible harm can result.

As an extra precaution and in order to make repairs at any time it may be necessary, a large opening will be left in the breastwork with a valve connection. Should some of the other appliances become disarranged so they could not be worked, this valve would drain the lake in a few hours. The entire mechanism of the gigantic undertaking is so well planned that its completion will be a revelation to not only the uninitiated, but to many who are accustomed to accomplish all kinds of engineering feats.

William Hocking, who has made such a pronounced success of the

### A BEAUTIFUL NEW LAKE AT ROCK SPRINGS PARK

Continued from First Page.

built there, the plans for which are already in shape.

The island will be located near the south end of the lake and extend north to a point near the center of the body of water. A lagoon 40 feet wide will surround the upper end of the island, the depth of water at all points being uniform.

#### A NOTATORIUM

#### AND A BOAT HOUSE.

In addition to a large amount of open water north of the island, the lagoon will permit the passage of boats clear around the land. The water to supply and maintain a boating stage in the lake at all times will come from two sources. The course of the run coming down from above will be changed to a considerable degree, and its water utilized as far as it will go, and if more is needed the water works supply will be turned in. The depth of the lake will vary, of course, since it is many feet lower at the front. This difficulty will be avoided by a very ingenious contrivance, however, and the possibility of accidental drowning reduced to a minimum. In the bottom of the deeper portion of the lake will be constructed a substantial lattice work three feet below the surface of the water, and this obstruction will extend south until it meets the ground at a uniform depth of three feet. At no time will the water be deeper than three feet, making it absolutely safe for both boating and skating.

A combination natatorium and boat house will be located at the south end of the lake. This building will be constructed with especial regard to the convenience and the comfort of patrons. The lake will be used as a skating resort in winter, and for pleasure boating in summer. The company has already arranged for the purchase of a number of electric launches, and they will be ready for use as soon as the lake is completed. In addition to these a goodly number of aluminum skiffs will be purchased, and they, too, will be put in use. The lake completed, is to cost approximately \$25,000.

#### A COMMODIOUS

#### SWIMMING POOL.

Adjoining the lake on the east will be located a swimming pool 200 feet long and 75 feet wide. It will be separate from the lake, and care will be taken in its construction to have the pool clean and commodious. The surface of this body of water will be six or seven feet higher than the lake, and between the two will be constructed a walk, leading from the bath house to its edge.

The system of sewerage will be as nearly perfect as it is possible to make it. An open sewer will be built from a point far up the hollow to the south end of the lake, and from there to the breastwork and beyond, a 7½-foot closed sewer will be run for a distance of 500 feet. At some points the run's course will be changed as much as 150 feet, and can be easily controlled by the sewers. Every precaution has been taken to avoid accident of any kind. At the lower end of the lake near the big sewer, will be built three 24-inch pipes leading from the lake. These pipes turn up at the outer end, and are so laid that when the water goes beyond a certain depth in the lake by reason of cloud burst or any other cause, an overflow will result, carrying the water down the hollow and no possible harm can result.

As an extra precaution and in order to make repairs at any time it may be necessary, a large opening will be left in the breastwork with a valve connection. Should some of the other appliances become disarranged so they could not be worked, this valve would drain the lake in a few hours. The entire mechanism of the gigantic undertaking is so well planned that its completion will be a revelation to not only the uninitiated, but to many who are accustomed to accomplish all of engineering feats.

William Hocking, who has made such a pronounced success of the

20TH YEAR. NO. 278.

EAST LIVERPOOL, O., FRIDAY, NOVEMBER 27, 1903.

TWO CENTS.

# THE LAW OF RIGHTEOUSNESS IS THE ONLY SAFE GUIDE FOR NATIONS OR MANKIND

An Impressive Thanksgiving Sermon by Rev.  
Dr. David Jones at the Union Ser-  
vices Yesterday.

While services of thanksgiving were held in several churches yesterday and all were enjoyable and appropriate as an observance of the day, the union service held at the First United Presbyterian church was the most important. It overflowed with impressiveness; it abounded with reverence and every one of the vast assemblage joined heartily with the ministers in charge in offering thanks to the divine One for the many blessings He has bestowed during the past year.

Rev. David Jones, pastor of the Methodist Protestant church, preached the sermon and a more forceful and masterly occasion was never heard upon such an occasion in this city. The profound clergyman seemed to have forgotten all but his well chosen theme and for a little more than an hour his hearers were held in rapture. The subject so eloquently handled was taken from the twelfth verse of the thirty-third Psalm, which reads, "Blessed is the nation whose God is the Lord."

Corporate religion, according to the speaker, must be an attribute of a nation whose God is the Lord. What is this corporate religion? To understand it we must understand the real meaning of the word nation. A nation is a people united together by certain organic forces, living under one government, the true aim being the attainment of the highest possible perfection for the people as a whole. A nation has its true notes. In other words it has its marks that are undeniable. By these marks it can be easily recognized. The marks are sovereignty, unity and personality. A nation cannot be a nation unless it be sovereign over its people. It must keep within its own legitimate boundaries. A nation is independent, it is not subject to the will of another nation.

The American states were not a nation when they were under the rule and control of Great Britain. They became a nation when they settled that heated controversy with Britain and claimed themselves to be independent and free from the rule of any and all countries. A nation must have a home, a place of habitation. The Jews are a distinct race, but they are not a body politic. They have no home. It is true that they had one once and were then a nation, but now they are wanderers on the face of the earth, therefore cannot be referred to as a nation.

Unity is a most significant mark of a nation. But we must understand the kind of unity. A confederacy of states is a unity, but it is not a nation. A

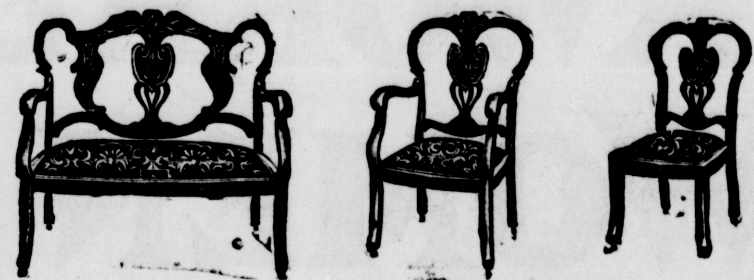

nation is never made, nor is it ever created. No man or no number of men ever made a nation. Like poets, they are born. Like Topsy in the story of Uncle Tom, they are born and "just grew up." Nations have a continuous history. Generations pass, but the nation lives. The nation cannot die. It cannot prepare for death. If it could it would be a crime. A nation can do things which will work its extinction, but it cannot commit suicide. It is endowed with an enduring light. It is like a mighty river, flowing on and on without ceasing. Its source, its origin, growth and momentum are like unto a river, which is made up of tributaries coming from far off mountains and courses through extended plains, it flows on. Cities are built along its side. Along its shores are heard the tumultuous sounds of industry, but this as all other attractions are unheeded and it flows on. Circling eddies are formed, but the water finds an outlet and flows on. Day and night, winter and summer, century after century may pass, but it flows on. It would not resist if it could, never resting or pausing until it finds its everlasting home and loses its identity in the fathomless sea. So it is with a nation. Corporate religion in this day might be construed different from its actual meaning. When I say corporate religion, I mean the righteousness of a nation. Such religion is just as possible as is individual religion. No nation ever existed without a religion of some kind. Men always have had, always will have and always must have a religion. There was but one nation that ever tried to exist without a religion, and every one knows what a sad disappointment it met.

In this country we have no national church. The church is not joined to the state, but the people have a religion and form the state. So if the people have religion, the nation must have. If people are atheists or agnostics, so must the nation be. Corporate religion grows in person and could not exist without it. The religion of a nation is reflected in its legislation, in its jurisprudence, but it is formed in the nation's literature. The latter reflects the power of a nation. It is not however, an atheistic or agnostic literature. It is the kind that constantly breathes the principles of religion. The literature that lives, I mean the literature through which it lives.

The American people are a Christian people and must be a Christian nation. Nothing can change the American nation until the greatest revolution or the greatest catastrophe that could be conceived occurs. When a nation accepts the law of righteousness and the ultimate rule which is sure to follow, that nation has Jehovah for its God. Nations are responsible because they are corporate personalities. A nation has a conscience and is responsible for its own conduct. Nations are responsible to Almighty God and before His tribunal every nation must come. No nation will ever escape these tribunals. No matter how great, how powerful, there is no escape. Only the nation that acknowledges the principles of the righteous laws is safe to go before the great tribunal. A man's ideals are always higher than his attainments. So it is with a nation. May God, the great ruler, grant the country of ours, that it may always be one of righteousness, the attainment of which is national perfection so far as is possible and God be its Jehovah and then no power can change it. A nation whose God is the law is a blessing.

Thanksgiving day—surely we ought to be grateful. To enumerate the things for which we should be thankful would be an utter impossibility. Let us share the bounties God has given us with others who have not so much. Remember God's goodness to you and help the poor during the present winter. Be a minister to those you can help and finally help to make this nation a righteous one. Purify the state and national politics by voting for a man of integrity and so helping the nation to be what it ought to be, and a nation of whom it can be said is blessed because it has Jehovah as its God.

### COURT CALENDAR

Assignment of Cases for Next Week  
in Common Pleas at  
Lisbon.

Lisbon, November 27.—(Special).—The assignment of cases for court next week is as follows:

Monday, November 30.—Lewis Melbourne vs. Job Reeder; Frederick W. Miller vs. Charles Matthews.

Tuesday, December 1.—C. C. Connell, administrator, et al., vs. Charles Matthews; Sarah M. Beeson vs. Joseph Beeson; Jennie Buxton vs. W. K. Buxton et al.

Wednesday—John Brighthouse vs. Frank P. Saulsberry, et al.; John E. White vs. George M. Aten; Howard Kelly vs. John M. McPherson et al.; Leonidas Wilson vs. Olive Wilson.

Thursday—J. B. Williams et al. vs. the Big Vein Coal company et al.; James B. Swearingen vs. the Pennsylvania company; Joseph H. Faloon vs. Charles Matthews; Anna E. Burson vs. George H. Burson.

Friday—Eden Reeder vs. Peter Woodward et al.; Margaret Cassidy vs. U. P. church, East Palestine; J. L. Deidrick vs. the city of East Liverpool; William Anderson vs. Carl Barth et al.; Emily L. Fosnot vs. Frank F. Fosnot.

### NEW OFFICIALS

Selection of Trustee and Constable  
For Liverpool Township  
Still Hangs Fire.

Justice J. N. Rose is yet unable to announce the name of the person who he will appoint township trustee to fill the unexpired term of J. W. Albright, resigned. The 'squire has received eight applications for the position. He states that his final decision will be for one of four old soldiers, all of whom are capable and deserving.

The township trustees have received several applications for appointment as constable, to take the place of William Copstick, resigned. The statement that Justice Rose will appoint the constable is incorrect, according to the justice. He says the power lies wholly with the trustees.

### TEACHERS' FEDERATION

Is the Name of the New Organization  
for the Advancement of Edu-  
cators' Interests.

The new teachers' union is known as the Ohio Teachers' Federation. The state officers are: Henry G. Williams, president, dean of Normal college, Athens; Miss Laura Hill, secretary, Marietta; F. B. Pearson, treasurer, principal of East High school, Columbus; executive committee, S. K. Mardis, chairman, superintendent of Toronto public schools; J. V. McMillen, superintendent Marietta public schools; W. N. Beetham, superintendent of Carrollton public schools.

The state conference on the new school code will be held in Columbus, December 29 and 30, and the business session of the state federation will be held on December 31 in the same city.

A Good Name.  
From personal experience I testify that DeWitt's Little Early Risers are unequalled as a liver pill. They are rightly named because they give strength and energy and do their work with ease.—W. T. Easton, Boerne, Texas. Thousands of people are using these tiny little pills in preference to all others, because they are so pleasant and effective. They cure biliousness, torpid liver, jaundice, sick headache, constipation, etc. They do not purge and weaken, but cleanse and strengthen. Sold by Alvin H. Bulger (only).

## NOTICE TO TAX-PAYERS

In pursuance of law, I, WILLIAM A. THOMPSON, Treasurer of Columbiana county, hereby give notice to the Tax-Payers of said county that the rates of taxation for the year 1903 are correctly stated in the following table, showing the number of mills and hundredths of mills levied on each dollar of valuation of said county.

Statement showing the several rates of taxes and purposes for which levied on the taxable property of Columbiana county, Ohio for the year 1903:

The entire delinquencies and one-half of all other taxes charged in the duplicate of 1903 are required to be paid on or before the 20th of December next. The remaining taxes will be due and payable on or before June 20, 1904.

To that portion of taxes due and payable on or before December 20, as specified above, and remaining upon the duplicate unpaid on that date, a penalty of 5 per cent will be added, then if not paid on or before January 25, 1904, a penalty of 15 per cent will be added.

To that portion of taxes due and payable on or before June 20, 1904, and remaining upon the duplicate unpaid on that date, a penalty of 5 per cent will be added, and if not paid on or before July 20, 1904, a penalty of 15 per cent will be added as provided by law.

The books in the treasurer's office will be closed January 25, 1904, and remain closed until April 1, 1904. They will also be closed July 20, 1904, and remain so until October 1, 1904, as provided by law. No taxes will be received upon the General Duplicate when the books are closed.

Published in the Evening News Review for six weeks commencing October 30, 1903.

### PROBATE MATTERS

A Will Filed And Orders in Connection With Settling Estates Issued.

Lisbon, November 27.—(Special).—The will of the late Rosa A. Churchman, of Franklin township, has been admitted to probate, and Edward Churchman, husband of the deceased, has expressed his satisfaction with its provisions.

R. H. Everson, of Wellsville, has filed his return of private sale of United States bonds belonging to William Everson, of whose property he is trustee. The court has confirmed the sale.

John Stump, of Columbiana, has been appointed guardian of Edna Stump, the eight-year-old daughter of the late Mary E. Stump, under bond of \$1,000.

# THE LAW OF RIGHTEOUSNESS IS THE ONLY SAFE GUIDE FOR NATIONS OR MANKIND

An Impressive Thanksgiving Sermon by Rev.  
Dr. David Jones at the Union Ser-  
vices Yesterday.

While services of thanksgiving were held in several churches yesterday and all were enjoyable and appropriate as an observance of the day, the union service held at the First United Presbyterian church was the most important. It overflowed with impressiveness; it abounded with reverence and every one of the vast assemblage joined heartily with the ministers in charge in offering thanks to the divine One for the many blessings He has bestowed during the past year.

Rev. David Jones, pastor of the Methodist Protestant church, preached the sermon and a more forceful and masterly oration was never heard upon such an occasion in this city. The profound clergyman seemed to have forgotten all but his well chosen theme and for a little more than an hour his hearers were held in rapture. The subject so eloquently handled was taken from the twelfth verse of the thirty-third Psalm, which reads, "Blessed is the nation whose God is the Lord."

Corporate religion, according to the speaker, must be an attribute of a nation whose God is the Lord. What is this corporate religion? To understand it we must understand the real meaning of the word nation. A nation is a people united together by certain organic forces, living under one government, the true aim being the attainment of the highest possible perfection for the people as a whole. A nation has its true notes. In other words it has its marks that are undeniable. By these marks it can be easily recognized. The marks are sovereignty, unity and personality. A nation cannot be a nation unless it be sovereign over its people. It must keep within its own legitimate boundaries. A nation is independent, it is not subject to the will of another nation.

The American states were not a nation when they were under the rule and control of Great Britain. They became a nation when they settled that heated controversy with Britain and claimed themselves to be independent and free from the rule of any and all countries. A nation must have a home, a place of habitation. The Jews are a distinct race, but they are not a body politic. They have no home. It is true that they had one once and were then a nation, but now they are wanderers on the face of the earth, therefore cannot be referred to as a nation.

Unity is a most significant mark of a nation. But we must understand the kind of unity. A confederacy of states is a unity, but it is not a nation. A

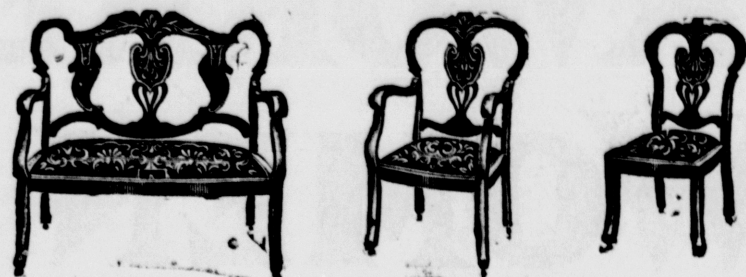

nation is never made, nor is it ever created. No man or no number of men ever made a nation. Like poets, they are born. Like Topsy in the story of Uncle Tom, they are born and "just grew up." Nations have a continuous history. Generations pass, but the nation lives. The nation cannot die. It cannot prepare for death. If it could it would be a crime. A nation can do things which will work its extinction, but it cannot commit suicide. It is endowed with an enduring light. It is like a mighty river, flowing on and on without ceasing. Its source, its origin, growth and momentum are like unto a river, which is made up of tributaries coming from far off mountains and courses through extended plains, it flows on. Cities are built along its side. Along its shores are heard the tumultuous sounds of industry, but this as all other attractions are unheeded and it flows on. Circling eddies are formed, but the water finds an outlet and flows on. Day and night, winter and summer, century after century may pass, but it flows on. It would not resist if it could, never resting or pausing until it finds its everlasting home and loses its identity in the fathomless sea. So it is with a nation. Corporate religion in this day might be construed differently from its actual meaning. When I say corporate religion, I mean the righteousness of a nation. Such religion is just as possible as is individual religion. No nation ever existed without a religion of some kind. Men always have had, always will have and always must have a religion. There was but one nation that ever tried to exist without a religion, and every one knows what a sad disappointment it met.

In this country we have no national church. The church is not joined to the state, but the people have a religion and form the state. So if the people have religion, the nation must have. If people are atheists or agnostics, so must the nation be. Corporate religion grows in person and could not exist without it. The religion of a nation is reflected in its legislation, in its jurisprudence, but it is formed in the nation's literature. The latter reflects the power of a nation. It is not however, an atheistic or agnostic literature. It is the kind that constantly breathes the principles of religion. The literature that lives, I mean the literature through which it lives.

The American people are a Christian people and must be a Christian nation. Nothing can change the American nation until the greatest revolution or the greatest catastrophe that could be conceived occurs. When a nation accepts the law of righteousness and the ultimate rule which is sure to follow, that nation has Jehovah for its God. Nations are responsible because they are corporate personalities. A nation has a conscience and is responsible for its own conduct. Nations are responsible to Almighty God and before His tribunal every nation must come. No nation will ever escape these tribunals. No matter how great, how powerful, there is no escape. Only the nation that acknowledges the principles of the righteous laws is safe to go before the great tribunal. A man's ideals are always higher than his attainments. So it is with a nation. May God, the great ruler, grant the country of ours, that it may always be one of righteousness, the attainment of which is national perfection so far as is possible and God be its Jehovah and then no power can change it. A nation whose God is the law is a blessing.

Thanksgiving day—surely we ought to be grateful. To enumerate the things for which we should be thankful would be an utter impossibility. Let us share the bounties God has given us with others who have not so much. Remember God's goodness to you and help the poor during the present winter. Be a minister to those you can help and finally help to make this nation a righteous one. Purify the state and national politics by voting for a man of integrity and so helping the nation to be what it ought to be, and a nation of whom it can be said is blessed because it has Jehovah as its God.

### NEW OFFICIALS

Selection of Trustee and Constable for Liverpool Township Still Hangs Fire.

Justice J. N. Rose is yet unable to announce the name of the person who he will appoint township trustee to fill the unexpired term of J. W. Albright, resigned. The squire has received eight applications for the position. He states that his final decision will be for one of four old soldiers, all of whom are capable and deserving.

The township trustees have received several applications for appointment as constable, to take the place of William Copestick, resigned. The statement that Justice Rose will appoint the constable is incorrect, according to the justice. He says the power lies wholly with the trustees.

### TEACHERS' FEDERATION

Is the Name of the New Organization for the Advancement of Educators' Interests.

The new teachers' union is known as the Ohio Teachers' Federation. The state officers are: Henry G. Williams, president, dean of Normal college, Athens; Miss Laura Hill, secretary, Marietta; F. B. Pearson, treasurer, principal of East High school, Columbus; executive committee, S. K. Mardis, chairman, superintendent of Toronto public schools; J. V. McMillen, superintendent of Marietta public schools; W. N. Beetham, superintendent of Carrollton public schools.

The state conference on the new school code will be held in Columbus, December 29 and 30, and the business session of the state federation will be held on December 31 in the same city.

A Good Name.  
From personal experience I testify that DeWitt's Little Early Risers are unequalled as a liver pill. They are rightly named because they give strength and energy and do their work with ease.—W. T. Easton, Boerne, Texas. Thousands of people are using these tiny little pills in preference to all others, because they are so pleasant and effective. They cure biliousness, torpid liver, jaundice, sick headache, constipation, etc. They do not purge and weaken, but cleanse and strengthen. Sold by Alvin H. Bulger (only).

# OVERWORKED WOMEN

The Suffering and Pain Endured by Many Working Women is Almost Beyond Belief.

How distressing to see a woman struggling to earn a livelihood, or perform her household duties when her back and head are aching! She is so tired she can hardly drag about, and every movement causes pain, the origin of which is quickly traced to some derangement of the female organism.

When the monthly periods are painful or irregular, when backaches and headaches drive out all ambition, when "I-can-hardly-drag-about" sensation attacks you, when you are "so-nervous-it-seems-as-though-you-would-fly," it is certain that some female derangement is fastening itself upon you. Do not let the disease make headway; write your symptoms to Mrs. Pinkham for her free advice, and begin at once the use of the medicine that has restored a million women to health—

"DEAR MRS. PINKHAM:—Your medicine has done so much for me I want to tell everyone how it absolutely cured me. Three years ago, when my dear husband was sick in his last illness, I lifted him and hurt myself. I felt the strain, then I felt something give way inside. Afterwards I found it was my womb, and I suffered the most dreadful agonies from falling of the womb. I began dressmaking, but could not do my work for pain and nervousness. Trying to sit still and sew seemed to drive me nearly crazy, and I did not seem able to get any help from doctors or medicine. I was so unstrung and nervous I hardly dared to go out in the street, for fear I would not get home safely. It would make me scream to see a car coming even, and I was so terribly run down I did not know what would happen.

"A friend suggested I take Lydia E. Pinkham's Vegetable Compound, and on her advice I bought a bottle. It did me so much good I bought more and kept on taking it, and when I had taken eight bottles I was entirely cured.

"Whenever I hear of a woman suffering I tell her about my cure, for your medicine has helped me so much I knew it would help all suffering women. Women need not get so discouraged over their health, if they would take your advice and medicine."—MRS. BERTHA HEMMER, 224 East 96th St., New York, N.Y.

"DEAR MRS. PINKHAM:—I cannot tell you with pen and ink what good Lydia E. Pinkham's Vegetable Compound did for me, when suffering from the ill peculiar to the sex, extreme lassitude and that all-gone feeling. I would rise from my bed in the morning feeling more tired than when I went to bed, but before I had used two bottles of Lydia E. Pinkham's Vegetable Compound, I began to feel the buoyancy of my younger days returning, became regular, could do more work and not feel tired than I had ever been able to do before, so I continued to use it until I was restored to perfect health. It is indeed a boon to sick women and I heartily recommend it. Yours very truly, Mrs. ROSA ADAMS, 819 12th St., Louisville, Ky."—Niece of the late General Roger Hanson, C. S. A.

### Women's Sports.

Exercise Is a Sure Producer of Health and Beauty.

The American girl of today has become a formidable personage. Strong limbed and red checked, she enters into almost every imaginable sort of game with vim and determination worthy of a war horse in battle. The result is plainly evident in the streets and at social gatherings where fair femininity is wont to appear, and doubtless are long a race of typical amazons will

A GIRL ATHLETE THROWING A MEDICINE BALL.

take the place of the weak, dependent and what some people are pleased to term old fashioned young women of times past.

Aside from a mere question of bodily strength the modern woman finds that athletic exercises are promoters of physical comeliness. Face and figure are immeasurably benefited by the more active forms of recreation, out-

door and indoor, and one of these days the "beauty doctors" will find themselves almost entirely out of work.

Let every woman learn to play. Let her take lessons in being light hearted. When the light heartedness and the playing become spontaneous and involuntary, certain mental forces will be set free which will manifest themselves in a new or renewed loveliness or some added grace.

To be happily childlike in spirit it is by no means necessary to exhibit the silly "kittenishness" which is always unbecoming to mature years.

Playing youthful games is not an unbending of any sort of dignity that needs to be kept upright.

It is rather a relaxing of tense muscles and tired nerves while exercising a totally different set that otherwise would have too much resting.

It is by just such harmonious alternation in the use of the different sets of muscles and nerves that a child attains the all around development which everybody considers so beautiful.

Nature never intended any of her laws to be abrogated, and she never checks any living thing in its tendency to be recreative. What brought you happiness in your childhood, what gave you health and vigor and made you strong, yet lithe of limb, may work the same results in your grownup womanhood if you will cultivate the child-like spirit.

Playing lawn hockey or golf, skipping the rope or throwing a medicine ball is better than spinning the yarns which so often unravel in scandal.

Tossing rings with a true and steady aim is nobler than leaving hours to drift by without real purpose or effort.

Elation over success at tennis or basketball is worthier than depression resulting from failure to even attempt anything "worth while."

And if practical benefits are demanded from the games these can in a very little while be produced.

The rope skipping gives more symmetry to arms and lower limbs, rounding out where roundness shows its lack, shaping off where too much adipose has gathered. It also quickens the circulation of the blood and thus brings increased vigor to the heart action.

A woman need not be unwise enough to emulate the children in their ambition to "jump a hundred," nor should she indulge in the rope pastime so energetically as to cause ill effects, which are easily avoided. But a graceful skipping, a light "hop, skip and jump," are helpful and not possibly harmful.

Such motions give agility to the arms and legs and nimble dexterity to the feet.

### Schaefer and Sutton

Famous Billiardists Will Play For World's Championship Title.

The fact that George Sutton, the world famous billiardist, has again challenged Jacob Schaefer, the present world's champion, for the world's championship at the eighteen inch balk line game, no count allowed in balk, has given rise to any amount of controversy among the followers of the game. The news of this challenge was only received recently, and it at once caused much speculation, for under the conditions under which Schaefer won the emblem in the Madison Square Garden (New York) concert hall tournament in December, 1901, it will be obligatory

JACOB SCHAEFER, WORLD'S CHAMPION BILLIARD PLAYER.

for him to defend his title in New York and that before the 1st of January, 1904.

Schaefer has accepted the challenge, which, in fact, it was impossible for him to dodge, and if Sutton is willing to return to this country the match will certainly be played. Both of the men are now in Paris, and it is said that Sutton has somewhat tired of his year abroad and is now ready to return home.

Further developments in the matter will be eagerly awaited by Americans, for if any hitch should take place and Schaefer not play for the emblem before January the valuable trophy will become his personal property.

In speaking of Sutton's effort to get on a match with Schaefer about two months ago, which fell through at that time, the veteran Benjamin Garro said

a few days ago in New York that it was not the fault of the players that the first challenge miscarried, but was due to the conditions. He said: "No blame attaches to Sutton. The latest known effort toward a championship match has proved barren of results, but Sutton's course throughout has been faultless. Yet the withdrawal of his challenge, which contemplated a contest in either France or the United States, would have been impossible during the period when championship contests were four times as numerous inside of thirteen years as they have been in the last twenty.

"Other rules have been dropped than that which for a brief period authorized the champion to name the place of contest. Here is one: 'Challenges once issued shall not be withdrawn, even though the money accompanying them be not covered.' That rule was suggested by championship experiences. It may have been dropped accidentally. If intentionally, it could only have been by players wiser in their own personal conceits than to the needs of professional billiards. On its mere face there can be no objection to this rule. Its absence will some day cause sudden, unsuspected trouble. Its presence, by prompting Sutton to persevere in his challenge, might have insured a contest not much later than the latter part of next month."

**The American Trotter.**  
An Englishman, speaking of the great American trotter, has this to say: "The standard bred trotting horse of America is without exception the kind, gentlest, most sensible and best mannered animal of all the equine race. None but those who know him intimately—who have owned, driven and tried them under all sorts of circumstances and conditions—can begin to realize what grand animals they are and what enduring pleasure and real gratification the possession of one affords to the lover of a really good horse."

**Smathers' Investments.**  
E. E. Smathers has invested more money in horses than any other devotee this year. His drivers this year are Ed Geers, George Spear, Alonzo McDonald and A. P. McDonald.

**McGregor's Great Record.**  
Robert McGregor, 247½, crossed the century mark as a sire this season. Six new standard performers to his credit make his total 101.

**Smathers and His Losses.**  
E. E. Smathers is said to be \$1,000,000 to the bad on his 1903 turf transactions.

**A Spider Balloon.**  
Tremendous spiders can be seen in the forests of Java, the webs of these creatures being so strong that it sometimes requires a knife to cut through them.

A Texas spider weaves a balloon four feet long and two feet wide, which it fastens to a tree by a single thread, then marches on board with its little ones, cuts the thread, and away goes the air ship to some distant place to make a new home.

Playing youthful games is not an unbending of any sort of dignity that needs to be kept upright.

It is rather a relaxing of tense muscles and tired nerves while exercising a totally different set that otherwise would have too much resting.

It is by just such harmonious alternation in the use of the different sets of muscles and nerves that a child attains the all around development which everybody considers so beautiful.

Nature never intended any of her laws to be abrogated, and she never checks any living thing in its tendency to be recreative. What brought you happiness in your childhood, what gave you health and vigor and made you strong, yet lithe of limb, may work the same results in your grownup womanhood if you will cultivate the child-like spirit.

Playing lawn hockey or golf, skipping the rope or throwing a medicine ball is better than spinning the yarns which so often unravel in scandal.

Tossing rings with a true and steady aim is nobler than leaving hours to drift by without real purpose or effort.

Elation over success at tennis or basketball is worthier than depression resulting from failure to even attempt anything "worth while."

And if practical benefits are demanded from the games these can in a very little while be produced.

The rope skipping gives more symmetry to arms and lower limbs, rounding out where roundness shows its lack, shaping off where too much adipose has gathered. It also quickens the circulation of the blood and thus brings increased vigor to the heart action.

A woman need not be unwise enough to emulate the children in their ambition to "jump a hundred," nor should she indulge in the rope pastime so energetically as to cause ill effects, which are easily avoided. But a graceful skipping, a light "hop, skip and jump," are helpful and not possibly harmful.

Such motions give agility to the arms and legs and nimble dexterity to the feet.

#### The Proper Thing.

Miss Keedick—Mr. Gilley actually offered himself to Miss Darley on a postal card.

Miss Gasket—What did she do?

Miss Keedick—Refused him. She said she preferred sealed proposals.

### Schaefer and Sutton

Famous Billiardists Will Play For World's Championship Title.

The fact that George Sutton, the world famous billiardist, has again challenged Jacob Schaefer, the present world's champion, for the world's championship at the eighteen inch balk line game, no count allowed in balk, has given rise to any amount of controversy among the followers of the game. The news of this challenge was only received recently, and it at once caused much speculation, for under the conditions under which Schaefer won the emblem in the Madison Square Garden (New York) concert hall tournament in December, 1901, it will be obligatory

JACOB SCHAEFER, WORLD'S CHAMPION BILLIARD PLAYER.

for him to defend his title in New York and that before the 1st of January, 1904.

Schaefer has accepted the challenge, which, in fact, it was impossible for him to dodge, and if Sutton is willing to return to this country the match will certainly be played. Both of the men are now in Paris, and it is said that Sutton has somewhat tired of his year abroad and is now ready to return home.

Further developments in the matter will be eagerly awaited by Americans, for if any billy should take place and Schaefer not play for the emblem before January the valuable trophy will become his personal property.

In speaking of Sutton's effort to get on a match with Schaefer about two months ago, which fell through at that time, the veteran Benjamin Garbo said

a few days ago in New York that it was not the fault of the players that the first challenge miscarried, but was due to the conditions. He said: "No blame attaches to Sutton. The latest known effort toward a championship match has proved barren of results, but Sutton's course throughout has been faultless. Yet the withdrawal of his challenge, which contemplated a contest in either France or the United States, would have been impossible during the period when championship contests were four times as numerous inside of thirteen years as they have been in the last twenty."

"Other rules have been dropped than that which for a brief period authorized the champion to name the place of contest. Here is one: 'Challenges once issued shall not be withdrawn, even though the money accompanying them be not covered.' That rule was suggested by championship experiences. It may have been dropped accidentally. If intentionally, it could only have been by players wiser in their own personal conceits than to the needs of professional billiards. On its mere face there can be no objection to this rule. Its absence will some day cause sudden, unsuspected trouble. Its presence, by prompting Sutton to persevere in his challenge, might have insured a contest not much later than the latter part of next month."

**The American Trotter.**  
An Englishman, speaking of the great American trotter, has this to say: "The standard bred trotting horse of America is without exception the kindest, gentlest, most sensible and best mannered animal of all the equine race. None but those who know him intimately—who have owned, driven and tried them under all sorts of circumstances and conditions—can begin to realize what grand animals they are and what enduring pleasure and real gratification the possession of one affords to the lover of a really good horse."

**Smathers' Investments.**  
E. E. Smathers has invested more money in horses than any other devotee this year. His drivers this year are Ed Geers, George Spear, Alonzo McDonald and A. P. McDonald.

**McGregor's Great Record.**  
Robert McGregor, 2:17½, crossed the century mark as a sire this season. Six new standard performers to his credit make his total 101.

**Smathers and His Losses.**  
E. E. Smathers is said to be \$1,000,000 to the bad on his 1903 turf transactions.

**A Spider Balloon.**  
Tremendous spiders can be seen in the forests of Java, the webs of these creatures being so strong that it sometimes requires a knife to cut through them.

A Texas spider weaves a balloon four feet long and two feet wide, which it fastens to a tree by a single thread, then marches on board with its little ones, cuts the thread, and away goes the air ship to some distant place to make a new home.

# GEN. REYES ARRIVES

Party Now on Way to Washington to Interview President Roosevelt.

## HAS SATCHEL FULL OF GOLD

Hopes to Induce United States to Keep Hands Off the Isthmus—If Unsuccessful Then Bloody War Will Follow—Will Reach Capital Saturday.

New Orleans, Nov. 27.—General Reyes, representing the government of Colombia, who is on his way to Washington to intercede in behalf of his government in connection with the recognition of the republic of Panama, arrived here on the steamer Beverly. General Reyes is accompanied by General Pelelo Aspinall, General George Hodelquin and General L. Caballero. They boarded the Beverly at Port Limon and came direct to this city.

General Reyes and party did not go to any of the hotels. They drove to the Louisville and Nashville offices and bought tickets through to New York and made every effort to avoid publicity. The general has a satchel full of Colombian gold and paid for the tickets in coin of that republic.

The party left for Washington, where they will arrive Saturday morning. Before his departure General Reyes gave out an interview much on the line of that quoted from Colon to the Associated Press.

He said he was going to see the president and hoped to induce the United States to keep hands off the isthmus and allow the Colombian government to regain its lost territory. The United States would not agree to this, then the Colombians would march an army of 100,000 men across the mountains to Panama, and meet only the 2,000 isthmians, would soon regain the isthmus. Then the United States would have to negotiate with Colombia or build the Nicaraguan canal. He said the Colombians had no thought of declaring war against the United States, because they saw it would be a futile effort.

Quiet at San Domingo. San Domingo, Nov. 27.—The act of capitulation, which was signed Tuesday last by President W. y Gil and the ministers of the United States, Belgium, Hayti and Spain, calls for the holding of elections within three months and the installation of the new president on Feb. 27. A decree makes all dues payable in cash. Former Ministers Brache and Peleles left for Cuba. General W. y Gil will, it is expected, leave in a few days for Caracas. Quiet prevails here. The warships have withdrawn their guards with the exception of the United States marine guard at the British consulate, where General W. y Gil is a refugee.

Isthmians Pick Amador for President. Panama, Nov. 27.—El Cronista, an old newspaper of the conservative school, publishes a long article on the career of Dr. Manuel Amador, minister of finance of the republic of Panama, in which it is proclaimed that the doctor is the only possible candidate for the presidency of the republic. Isthmians hail Dr. Amador as the benefactor of Panama, the principal factor in the work for independence, a thorough patriot, a great administrator and honest and upright in all his dealings. It is predicted that Dr. Amador will be elected the first president of the republic by an overwhelming majority.

Fatal Cincinnati Fire. Cincinnati, Nov. 27.—Fireman William Greve was killed and seven other men were injured while fighting a fire which destroyed the five-story brick building of Smith, Myers, Schuler & Co., manufacturers of cigar box machines. Of the injured two are probably fatally hurt. They are John Conner, who is suffering from concussion of the brain, and James Keegan, whose skull was fractured. The men were on the second floor when it gave away with them and all were buried in the debris. Loss \$60,000, partly insured.

Thanksgiving Day Observed. San Juan, P. R., Nov. 27.—Thanksgiving day was observed here as a general holiday in accordance with the governor's proclamation.

HOW TO GAIN FLESH The life of food is the fat within it—the more fat the more real benefit from the food; that is why cod liver oil is a powerful builder of flesh. Scott's Emulsion of pure cod liver oil solves the problem of how to take cod liver oil. That is one reason why doctors have been prescribing Scott's Emulsion for all wasting diseases, coughs, colds and bronchitis for almost thirty years.

# HIS WIRES CROSSED.

Electric Current Prevents New Yorker from Calling on President.

New York, Nov. 27.—Charles Threshon, who is charged with writing letters to President Roosevelt complaining that an influential person in government circles in Washington has an electric battery which is attached to the soles of Threshon's feet and so militates against his chances of seeing the president, was sent to Bellevue hospital for examination as to his sanity. When arraigned before Magistrate Mayo the prisoner said he was a "double sun." None of the letters contained any threats.

Threshon, it was said by secret service officials, has twice before been arrested, once on Jan. 6, 1895, when he sent a letter to President Cleveland from Baltimore containing allusions to the electric current which prevented him from reaching the president, and again in 1901, when he sent a similar letter to President McKinley and was arrested, declared insane and sent to a hospital in Washington.

Much Suffering from Flood. St. Petersburg, Nov. 27.—The flood which has caused so much damage here was the biggest since 1824. The intense cold is causing much distress among the homeless and the dwellers in cellars. In the factory quarter 20,000 persons have been driven into the streets, many of them losing their all. A pathetic case was that of parents, hurrying home at the sound of warning guns, who found their children drowned. The strangest freak of the flood occurred at cemeteries, where coffins were washed out of graves and floated away. Those which were recovered were reinterred haphazard. The czar has donated \$5,000 in aid of those who have been reduced to destitution by the floods.

Killed Wife; Then Suicided. Washington, Nov. 27.—Robert J. Hale, a compositor in the government printing office, killed his wife and then committed suicide at their home. Hale has been under suspicion of being responsible for the condition of a young woman who, it is claimed, died a few days ago as the result of an operation performed at a sanitarium near this city. He was not related to the girl, but passed as her cousin, and as such visited her at her rooms. When he read the announcement in the morning papers of the arrest of the physician charged with causing the girl's death he wrote a number of notes and, proceeding to his wife's room, killed her and himself.

Will Ratify Treaty on Receipt. Panama, Nov. 27.—The junta, composed of Jose Agustin Arango, Tomas Arias and Manuel Espinosa, held a meeting, all the ministers of state and councilors being present, and unanimously decided to ratify the canal treaty so soon as it is received here and authorized Minister Bunau-Varilla officially to communicate the junta's decision to the United States government. The decision of the junta was received with great joy throughout the isthmus, without distinction of parties or classes. Rear Admirals Walker and Glass have been informed of the action taken by the junta.

Well-Known Philanthropist Dead. Baltimore, Nov. 27.—William C. Wyman, a well-known philanthropist, is dead, aged 79 years. Two years ago he donated 10 acres of land to the Johns Hopkins university for its future home and to Baltimore city for a park, and thus started the movement which resulted in the city and the university acquiring between them 200 acres of land and the latter institution, by public subscription, an addition to its endowment fund of \$1,000,000.

No New Yellow Fever Cases. Laredo, Tex., Nov. 27.—There was great rejoicing among the people of Laredo Thanksgiving day, it being the first day since the outbreak of the yellow fever epidemic that no new cases developed. It is the general opinion that if the present weather continues for a few days more the disease will be entirely stamped out. The official report chronicles only one death, making the total deaths to date 99 and total cases 1,022.

Anarchists Arrested. Geneva, Nov. 27.—By order of the federal authorities the police have arrested two anarchists, Bourzoff and Krakoff, who have been living for some time in Switzerland and editing an anarchist paper. Bourzoff originally came here from Siberia, where he had been already imprisoned for advocating violent anarchist measures. They will probably be conducted to the frontier and expelled from Switzerland.

Elopement Story Denied. Genoa, Italy, Nov. 27.—Princess Alice, wife of Prince Victor Frederick of Schoenburg-Waldenburg and a daughter of Don Carlos, who is living quietly with her maid of honor at Sorri, a village on the coast about nine miles from Genoa, is deeply chagrined at false reports of her elopement.

Israel Zangwill Married. London, Nov. 27.—Israel Zangwill, the author, and Edith Ayrton, daughter of W. B. Ayrton, president of the Institute of Electrical Engineers, were married quietly at a registry's office in the east end of London. A number of distinguished novelists and theatrical people were present.

W., Nov. 27.—With a view of attracting population to West Australia the authorities have arranged with the Salvation army to send emigrants, the government undertaking to defray the passages and to pay the army a substantial bonus for every immigrant settling there during the next six months. Two Spectacular Events. New York, Nov. 27.—William K. Vanderbilt, Jr., made a new record with his 30-horse power gasoline automobile over the Eagle Rock hill climbing course, at Orange, N. J., and F. A. Laroche, in a 40-horse power machine, going a mile a minute, crashed over a precipice on the mountain side. He escaped serious injury. Representative Richardson Injured. Washington, Nov. 27.—Representative James D. Richardson, of Tennessee, lost his footing while alighting from a street car and was thrown heavily to the ground. His right hip was sprained and he was severely shaken up. Striking Foreigners Desperate. Seofield, Utah, Nov. 27.—An attempt was made by a number of striking Italian and Finn coal miners to roll a box car down the railroad tracks leading through a deep canon through which a party of railroad and mine officials were coming. The attempt was prevented by the military and a number of arrests were made. One of the sentries at the mines near Seofield was fired upon from a house from which a red flag had been displayed until taken down by the militia. The would-be murderer was not caught. An ugly feeling seems to be growing rapidly among the strikers. A number of Italians and Finns left the fields for Europe. Paper Mills Shut Down. Appleton, Wis., Nov. 27.—All the print paper mills in the Fox river valley region and throughout the west shut down and will remain down three days, on agreement for the frankly announced purpose of curtailing overproduction and preventing the slump in the market price which would result from the piling up of stock. Saloonkeeper Killed. Camden, N. J., Nov. 27.—Peter Naughton, a saloonkeeper at 406 Jasper street, was accidentally shot and killed in his place of business as a result of a quarrel between two of his customers. Frank Fletcher and John Conner quarreled over some trivial matter and it is alleged Fletcher stepped back, drew a revolver and fired at Conner. The bullet struck Naughton, who was standing behind the bar, and he died in a few minutes. Fletcher and Conner were arrested. Thanksgiving Services in Rome. Rome, Nov. 27.—For the first time on record a special service was held here on Thanksgiving day in the Catholic church of San Silvestro, Monsignor Robert Seton, of Newark, N. J., titular archbishop of Heliopolis, giving the benediction. The church was filled, all the members of the English pilgrimage now in Rome being present. Michigan Congressman's Wife Dead. Washington, Nov. 27.—Representative James D. Richardson, of Tennessee, lost his footing while alighting from a street car and was thrown heavily to the ground. His right hip was sprained and he was severely shaken up. Striking Foreigners Desperate. Seofield, Utah, Nov. 27.—An attempt was made by a number of striking Italian and Finn coal miners to roll a box car down the railroad tracks leading through a deep canon through which a party of railroad and mine officials were coming. The attempt was prevented by the military and a number of arrests were made. One of the sentries at the mines near Seofield was fired upon from a house from which a red flag had been displayed until taken down by the militia. The would-be murderer was not caught. # GEN. REYES ARRIVES

Party Now on Way to Washington to Interview President Roosevelt.

## HAS SATCHEL FULL OF GOLD

Hopes to Induce United States to Keep Hands Off the Isthmus—If Unsuccessful Then Bloody War Will Follow—Will Reach Capital Saturday.

New Orleans, Nov. 27.—General Reyes, representing the government of Colombia, who is on his way to Washington to intercede in behalf of his government in connection with the recognition of the republic of Panama, arrived here on the steamer Beverly General Reyes is accompanied by General Puello Aspinall, General George Hodelquin and General L. Calahorra. They boarded the Beverly at Port Limon and came direct to this city.

General Reyes and party did not go to any of the hotels. They drove to the Louisville and Nashville office and bought tickets through to New York and made every effort to avoid publicity. The general has a satchel full of Colombian gold and paid for the tickets in coin of that republic. The party left for Washington, where they will arrive Saturday morning. Before his departure General Reyes gave out an interview much on the line of what cabled from Colon to the Associated Press.

He said he was going to see the president and hoped to induce the United States to keep hands off the isthmus and allow the Colombian government to regain its lost territory. He said the United States would not agree to this, then the Colombians would march an army of 100,000 men across the mountains to Panama, and meeting only the 2,000 isthmians, would soon regain the isthmus. Then the United States would have to negotiate with Colombia or build the Nicaraguan canal. He said the Colombians had no thought of declaring war against the United States, because they saw it would be a futile effort.

## Quiet at San Domingo.

San Domingo, Nov. 27.—The act of capitulation, which was signed Tuesday last by President Wos y Gil and the ministers of the United States, Belgium, Hayti and Spain, calls for the holding of elections within three months and the installation of the new president on Feb. 27. A decree makes all dues payable in cash. Former Ministers Brache and Febles left for Cuba. General Wos y Gil will, it is expected, leave in a few days for Caracas. Quiet prevails here. The warships have withdrawn their guards with the exception of the United States marine guard at the British consulate, where General Wos y Gil is a refugee.

Isthmians Pick Amador for President. Panama, Nov. 27.—El Cronista, an old newspaper of the conservative school, publishes a long article on the career of Dr. Manuel Amador, minister of finance of the republic of Panama, in which it is proclaimed that the doctor is the only possible candidate for the presidency of the republic. Isthmians hail Dr. Amador as the benefactor of Panama, the principal factor in the work for independence, a thorough patriot, a great administrator and honest and upright in all his dealings. It is predicted that Dr. Amador will be elected the first president of the republic by an overwhelming majority.

Fatal Cincinnati Fire. Cincinnati, Nov. 27.—Fireman William Greve was killed and seven other firemen were injured while fighting a fire which destroyed the five-story brick building of Smith, Myers, Schuler & Co., manufacturers of cigar box machines. Of the injured two are probably fatally hurt. They are John Conners, who is suffering from concussion of the brain, and James Keegan, whose skull was fractured. The men were in the second floor when it gave away and they all were buried in the debris. Loss \$60,000, partly insured.

Thanksgiving Day Observed. San Juan, P. R., Nov. 27.—Thanksgiving day was observed here as a normal holiday in accordance with a governor's proclamation.

## HOW TO GAIN FLESH

The life of food is the fat in it—the more fat the more real benefit from the food; that is why cod liver oil is a powerful builder of flesh. Scott's Emulsion of pure cod liver oil solves the problem of how to take cod liver oil. That is one reason why doctors have been prescribing Scott's Emulsion for wasting diseases, coughs, colds and bronchitis for the last thirty years.

## HIS WIRES CROSSED.

Electric Current Prevents New Yorker from Calling on President.

New York, Nov. 27.—Charles Threshon, who is charged with writing letters to President Roosevelt complaining that an influential person in governmental circles in Washington has an electric battery which is attached to the soles of Threshon's feet and so militates against his chances of seeing the president, was sent to Bellevue hospital for examination as to his sanity. When arraigned before Magistrate Mayo the prisoner said he was a "double sun." None of the letters contained any threats.

Threshon, it was said by secret service officials, has twice before been arrested, once on Jan. 6, 1895, when he sent a letter to President Cleveland from Baltimore containing allusions to the electric current which prevented him from reaching the president, and again in 1901, when he sent a similar letter to President McKinley and was arrested, declared insane and sent to a hospital in Washington.

Much Suffering from Flood. St. Petersburg, Nov. 27.—The flood which has caused so much damage here was the biggest since 1824. The intense cold is causing much distress among the homeless and the dwellers in cellars. In the factory quarter 20,000 persons have been driven into the streets, many of them losing their all. A pathetic case was that of parents, hurrying home at the sound of warning guns, who found their children drowned. The strangest freak of the flood occurred at cemeteries, where coffins were washed out of graves and floated away. Those which were recovered were reinterred haphazard. The czar has donated \$5,000 in aid of those who have been reduced to destitution by the floods.

## Killed Wife; Then Suicided.

Washington, Nov. 27.—Robert J. Hale, a compositor in the government printing office, killed his wife and then committed suicide at their home. Hale has been under suspicion of being responsible for the condition of a young woman who, it is claimed, died a few days ago as the result of an operation performed at a sanitarium near this city. He was not related to the girl, but passed as her cousin, and as such visited her at her rooms. When he read the announcement in the morning papers of the arrest of the physician charged with causing the girl's death he wrote a number of notes and, proceeding to his wife's room, killed her and himself.

## Will Ratify Treaty on Receipt.

Panama, Nov. 27.—The junta, composed of Jose Agustin Arango, Tomas Arias and Manuel Espinosa, held a meeting, all the ministers of state and councilors being present, and unanimously decided to ratify the canal treaty so soon as it is received here and authorized Minister Bunau-Varilla officially to communicate the junta's decision to the United States government. The decision of the junta was received with great joy throughout the isthmus, without distinction of parties or classes. Rear Admirals Walker and Glass have been informed of the action taken by the junta.

## Well-Known Philanthropist Dead.

Baltimore, Nov. 27.—William C. Wyman, a well-known philanthropist, is dead, aged 79 years. Two years ago he donated 10 acres of land to the Johns Hopkins university for its future home and to Baltimore city for a park, and thus started the movement which resulted in the city and the university acquiring between them 200 acres of land and the latter institution, by public subscription, an addition to its endowment fund of \$1,000,000.

## No New Yellow Fever Cases.

Laredo, Tex., Nov. 27.—There was great rejoicing among the people of Laredo Thanksgiving day, it being the first day since the outbreak of the yellow fever epidemic that no new cases developed. It is the general opinion that if the present weather continues for a few days more the disease will be entirely stamped out. The official report chronicles only one death, making the total deaths to date 99 and total cases 1,022.

## Anarchists Arrested.

Geneva, Nov. 27.—By order of the federal authorities the police have arrested two anarchists, Bourteff and Krakoff, who have been living for some time in Switzerland and editing an anarchist paper. Bourteff originally came here from Siberia, where he had been already imprisoned for advocating violent anarchist measures. They will probably be conducted to the frontier and expelled from Switzerland.

## Elopement Story Denied.

Genoa, Italy, Nov. 27.—Princess Alice, wife of Prince Victor Frederick of Schoenburg-Waldenburg and a daughter of Don Carlos, who is living quietly with her maid of honor at Sorri, a village on the coast about nine miles from Genoa, is deeply chagrined at false reports of her elopement.

## Israel Zangwill Married.

London, Nov. 27.—Israel Zangwill, the author, and Edith Ayrton, daughter of W. E. Ayrton, president of the Institute of Electrical Engineers, were married quietly at a registry's office in the east end of London. A number of distinguished novelists and theatrical people were present.

chasers of the Beneficial Interest Certificates and their heirs and assigns forever, on July 1, 1911, the end of the development period.

OUR TITLE IS PERFECT, OUR LAND IS BEING RAPIDLY DEVELOPED AND WE HAVE NO INDEBTEDNESS WHATSOEVER.

All of the purchasers of Beneficial Interest Certificates stand upon an equal footing with reference to the plantation, its earnings and profits, no man nor set of men can rob them of their holdings and the right of ownership.

### THE REASON WHY.

We do not pretend to be nor are we giving anything away. This is a clear, straight business proposition. Like railroads, banks, telegraph, telephone, merchandising and manufacturing, the quickest and largest returns are made by rapid development. The greater the amount of available funds, the quicker the development and the sooner is reached that point, where a high grade of efficiency brings quick, large and sure returns.

Certificates issued by and all payments made at the offices of our local fiscal agent,

## AMERICAN CITIZENS

In London Celebrate Thanksgiving Day With Banquet--- Many Notables Present.

### W. J. BRYAN GUEST OF HONOR

Exiles from United States Fare Well—President Roosevelt Toasted—Bryan Pays Graceful Tribute to English Guests of Society.

London, Nov. 27.—Thanksgiving day was celebrated by the American society in London at a banquet at the Hotel Cecil. There were over 400 covers. William Jennings Bryan was the guest of honor.

The speeches, while flavored by the usual seasonal cheer and reference to Anglo-American friendliness, developed particularly into a duel of repartee, good-natured, but almost subacid, between Mr. Bryan and Ambassador Choate.

There were a number of notable guests at the banquet, including the duke of Marlborough, Earl Denbigh, of the Honorable Artillery company; Lord Davey, General Ian Hamilton, Gilbert Parker, Major Arthur Lee, formerly military attaché at Washington, now civil lord of the admiralty; Sir Montagu F. O'Malley, all the ambassadors in London, Miss Evans, Mrs. Ronalds, Countess Denbigh, Major Badworth, of the Honorable Artillery company, and several members of the house of commons.

The duke of Marlborough proposed a toast to President Roosevelt and, addressing himself to the interests which England and the United States have in common, referred in terms of the highest praise to President Roosevelt and spoke feelingly of the late Sir Michael Herbert.

### Anglo-American Alliance.

Ambassador Choate, responding to the toast to his health, which was proposed in complimentary terms by Lord Davey, took up the duke of Marlborough's reference to the mutual sympathies of the American and British peoples and said that there had been reason heretofore to suspect some

such sentiment on the part of the duke, since he had set an example in one form of the Anglo-American alliance on which the people of both countries were able to look with entire approval.

Turning to Mr. Bryan, Mr. Choate said it was the custom of Americans torn from their native shores to gather annually and return thanks. The American society in London had now among them another of these exiles for whom personally he, as ambassador, had been doing the best he could. He had taken Mr. Bryan to visit the bank of England, where he was able to study the fiscal question in its native lair. The company would be edified, said Mr. Choate, had they heard Mr. Bryan cross-examine the governor of the bank of England. The ambassador said he had aided Mr. Bryan to hear Mr. Asquith, Mr. Chamberlain, Lord Goschen and Lord Rosebery, all within 48 hours, so if his views on the fiscal question were not utterly mixed they would appreciate at least the quality of the man they had before them.

### Bryan Receives Ovation.

The speech of the ambassador was followed by an ovation to Mr. Bryan, which lasted for several minutes. Mr. Bryan, in responding, paid a graceful tribute to the English guests of the society. He said the highest compliment he was able to pay was that in looking over the tables he was unable to distinguish the English from the American women present. He thanked the British nation for the kindly forbearance it had shown in receiving him, the protectionists for letting him land at all and the gold bugs for not having deported him immediately after his arrival. Mr. Bryan said he had profited exceedingly by his visit to the bank of England. He wanted to call attention, however, to the fact that the murderous attack by an insane man with a revolver on Mr. Kenneth Grahame, the secretary of the bank, occurred the day before he called.

Touching the theme of Thanksgiving day, Mr. Bryan spoke eloquently of the natural resources and advantages of the United States for which the people must return thanks to God, and of the ideals of liberty and progress, for which they must thank their English progenitors. He urged the necessity of the present generation bequeathing to posterity some gift commensurate with the blessings they had received from their ancestors, and suggested that they bequeath the ideal

of international amity, of which The Hague arbitration tribunal was a lasting monument.

"Hail to the nation," concluded Mr. Bryan, "whatever her name, who leads the world towards this higher ideal for the lasting good of all humanity."

**Garnett Is Now a Murderer.**  
San Francisco, Nov. 27.—Major J. W. McClurg, who was shot by H. L. Garnett while protecting Mrs. Lillian Hitchcock Coit in the Palace hotel in this city, died of his wound. Garnett, who escaped immediately after the shooting, is still at large.

**Carter Will Be Free Saturday.**  
Leavenworth, Kan., Nov. 27.—Oberlin M. Carter, ex-captain of engineers, U. S. A., who has served three years and seven months of a five-years' sentence in the federal prison at Fort Leavenworth, will pass out of the gate of the prison Saturday morning a free man. He intends to go directly to Chicago. Carter positively declines to be interviewed by newspapers, his attorneys warning him to say nothing whatever.

**Fatally Injured on Gridiron.**  
Paris, Ill., Nov. 27.—Felix McWhirter, Jr., of Depauw, is still unconscious and believed to be fatally injured as the result of a collision with Shaw, the Paris half back, in the game Thanksgiving day between Paris and Greencastle, Ind. McWhirter is the son of a prominent Indianapolis lawyer.

**Lord Mayor Knighted by King.**  
London, Nov. 27.—King Edward has conferred a baronetcy on Lord Mayor Ritchie in commemoration of his recent entertainment of King Victor Emmanuel and Queen Helena of Italy at the Guild hall.

### STATE AND NEIGHBORHOOD.

The plant of the American Column and Banister company at St. Albans, W. Va., was destroyed by fire. Loss \$30,000.

Fire which started in the liquor store of the W. F. Shawver company at Charleston, W. Va., caused a loss of \$60,000.

Fred Broad, of New Kensington, Pa., knocked out Gay Brahm, "The Montana Kid," in three rounds at Frostburg, Md.

The Royal glass plant, of Marietta, O., owned by the National Glass company, employing 200 persons, burned. Loss \$75,000, partly insured.

Rev. Dr. Theodore L. Schuyler, president of Muhlenburg college, was stricken with apoplexy at his home in Allentown, Pa., and is critically ill.

### UNION THANKSGIVING SERVICE.

Nine Creeds Represented—Address on Denominationalism.

Detroit, Nov. 27.—Nine religious denominations joined in a union Thanksgiving service at the Detroit opera house. Ministers of the following creeds participated in the service: Congregational, Roman Catholic, Episcopalian, Jewish, Methodist, Presbyterian, Baptist, Unitarian and Universalist. Rev. S. S. Marquis, Episcopalian, aroused much enthusiasm by his address, in the course of which he said of denominationalism:

"It seems to me that if there is one thing more apparent than another it is that God has refuted our denominational claims. It has been demonstrated that God can work irrespective of ecclesiastical machinery and we are awakening to that faith."

### Killed Marshal and Escaped.

Fairmount, Ind., Nov. 27.—James K. Payne, town marshal, was shot and killed in the street by Harry Hooper, whom he had under arrest as a suspect for a burglary. Hooper also fired twice at Alonzo Thomas, who had started to assist the dying marshal, but both shots missed. Hooper after killing the marshal moved slowly down the street, holding back the gathering crowd with his revolver, and reaching the edge of town, started toward Van Buren, ordering no one to follow him under penalty of death. News of the tragedy spread swiftly, stores were closed and armed business men pressed all available vehicles into service and started in pursuit of Hooper.

### Former Poughkeepsie Mayor Dead.

Poughkeepsie, N. Y., Nov. 27.—George Innis, mayor of Poughkeepsie from 1862 to 1866, is dead, aged 81. He was one of the New York presidential electors in 1868. Mr. Innis furnished \$30,000 for the first New York volunteers who went to the Civil war.

### HANNA ENTERTAINS.

Montana Labor Leaders the Guests of Ohio Senator.

New York, Nov. 27.—United States Senator Hanna entertained the delegation of Montana labor leaders who came east to visit President Roosevelt at breakfast at the Waldorf-Astoria. His guests included: Malcolm Gillis, former president of the engineers' union; Edward Long, president of the Butte miners; Frederick W. Cronin, walking delegate of the hotel and restaurant employees' union; Joseph W. Gilbert, of the workingmen's union; M. B. Dempsey, of the miners' union, and Frank Doyle, president of the Trades and Labor assembly.

At the breakfast, which was quite informal, the Montana men met Governor-elect Herlick, of Ohio; Governor John T. Morrison, of Idaho, and Congressman Charles Dick, of Ohio. The labor men left for the west later in the day.
